258 In Memoriam

258 In Memoriam

In loving memory of *Our beautiful brown-eyed daughter who left us so suddenly, seven years ago Feb. 1st, 1998. Our hearts still ache with sadness and silent tears will always flow.*

Not a day goes by that we are not reminded of how loving and kind you were, not only to us but to those around you as well.

We miss your enthusiasm for living and enjoying life to the fullest. Sometimes, we dream what might have been had you still been here.

No one will ever know what it meant to lose you.

"Love Ya Always" Dad & Mom

CAMI Automotive is a world-class automotive manufacturing facility located in **Ingersoll, Ontario**. This GM/Suzuki joint venture currently produces the **Chevrolet Equinox** for the North American market. At CAMI, we take pride in our values, our production processes and philosophies, and our state-of-the-art 1.7 million square foot facility. We currently seek self-motivated and results-oriented...

MAINTENANCE AREA LEADERS
WELDING & PAINT DEPARTMENTS

You will supervise approximately 20 skilled trades providing technical support to production. You will also assist with the implementation of maintenance and engineering activities.

You have three to five years' experience, including two years in a supervisory or leadership role, preferably in a unionized automotive facility. The minimum educational requirement is a skilled trade designation or a degree/diploma in a related technical field. Preference will be given to those with an engineering degree and experience with robotics and PLCs.

FACILITIES MAINTENANCE DEPARTMENT

You will provide maintenance support for buildings, grounds, and facilities, including the supply and distribution of utilities for all areas, administer preventative maintenance, and appropriate service contracts. You will also supervise skilled trades employees, on the floor, with a high level of personal interaction among our engineering, maintenance Powerhouse, and production teams.

You have a skilled trade designation or a degree/diploma in a related technical field and at least one year of experience in a leadership or supervisory role, ideally in preventative maintenance systems.

Both positions require experience in project management and the ability to effectively manage multiple issues in a fast-paced work environment. Strong interpersonal and communication skills, and solid problem-solving and judgement abilities are key. Comprehensive knowledge of the current CAMI-CAW Collective Agreement would be considered a strong asset. These positions rotate three shifts and overtime will be required.

AREA LEADERS

We currently have openings in our **Assembly, Welding, Paint, and Material Handling Departments**. Experience in these areas would be a definite asset. You have **three to five years' production experience, with two years in a supervisory or leadership role**, preferably in automotive. Your sound judgement and solid problem-solving capabilities enable you to effectively manage multiple issues in a fast-paced work environment. Experience in a manufacturing environment would be considered a strong asset, and a degree or diploma in a related field would be ideal.

At CAMI, we foster an attitude which nurtures change and supports all employees in improving their jobs and environment for continuous improvement. We recognize employees as our most valuable resource and will provide the support that allows our people to contribute in a motivated, empowered, and participative way. We offer an attractive salary and a comprehensive benefits package and are ISO 14001 and ISO 9002 certified. For confidential consideration, please send your resume and cover letter **quoting the position title in the subject line to: Human Resources, CAMI Automotive Inc., 300 Ingersoll Street, P.O. Box 1005, Ingersoll, Ontario N5C 4A6 Fax: 519-425-3401 e-mail: careerscami@cami.ca**
