ATTENTION ROOFERS

Why you should consider becoming a GAF Canadian Authorized Residential Roofing Installer
A Different Approach...

Most professionals - and even the roofing press agree: The Canadian Authorized Residential Roofing Installer Program is very different from anything else in the industry. When the tools are used - they work! In fact, every contractor we know who actually uses the tools - is making a lot more money!

Is the Certified Contractor Program Right for You? Ask yourself the following questions...

Generate quality leads ... Would any of our lead generating tools (contractor locator, door knob hangers, SmartTravel, Lawn Ads) work for you?

Close more sales ... Would any of the closing tools (enhanced warranty, videos, presentation binders, etc.) help you close more sales?

Reinforce trust ... Would any of the trust-building tools (presentation folders, truck and job signs, free business cards, etc.) help enhance your professional image?

Increase capabilities ... Would any of the CARE training seminars benefit your company? How about the training materials like the Pro Field Guides and the training tapes?

If you answer "Yes" to one or more of these questions, please call.

Interested? Please contact your local GAF Roof Specialist Dave Knight at 905-320-8642
