## Cheap gas

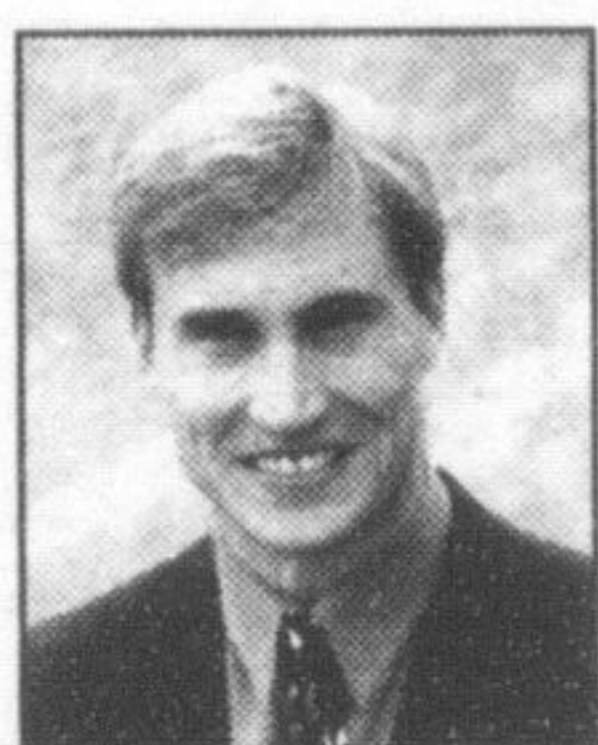

Motorists with a thirst for cheap gas caused long lines along Market Drive yesterday morning to take advantage of the new Canadian Tire gas bar discounted pump prices, as part of an opening promotion. Area motorists filled up for 59.9 cents a litre — a price that hasn't been seen in years, which made yesterday's lengthy wait to fill up worthwhile. At other gas stations, prices were at more than 83 cents a litre. The promotional event included various give-aways, as well as full service.

### Celebration of Gary Allan High School's First Anniversary

Gary Allan may have lived only 55 years, but his monumental contribution to Adult and Alternative Education in Halton, will long be remembered. Staff and students at the Gary Allan High School are celebrating the first anniversary of their school name, which was officially changed last year in an effort to recognize posthumously, the significant contributions and leadership he provided. The name change also represented the uniting of various programs within Halton, which serve the diverse needs of the adolescent and adult communities that are under the current leadership of Karen Gill, Principal.

Left to right: April Murphy, Madeline Beaudette and Antol Berger

Gary Allan was a visionary and dedicated teacher. He was sensitive to the needs of his students, particularly those who experienced difficulty in the regular school program. He advocated for an alternative program, which would provide a unique educational opportunity and flexible hours to accommodate personal work schedules. Enrolment in his programs grew and the nature of the program expanded to meet the students diverse needs. Gary was determined to find a way to help these students succeed. More than two decades later, his motto, "Whatever it takes", continues to drive the teachers and programs which have expanded into all areas of Halton, and continues to serve the adolescent and adult communities.

Today, a variety of programs are offered through the Adult, Alternative, and Community Education organization: the Self Reliant Learning Program, STEP (Secondary Teen Education Program), TEAM (Teen Education and Motherhood), Bronte Creek Project and SCORE (Secondary Community Outreach Education).

On behalf of the Gary Allan High School, the staff of the Self Reliant Learning Program would like to cordially invite the community to share in the celebration and attend an Open House to be held on Tuesday, March 22nd, 2005 from 2:00pm to 7:00pm. Looking forward to seeing you.

Halton District School Board
