

Dateline

Dateline is a free listing of coming events only. The column is available to local community groups to assist in promoting their future events. Only charitable or non-profit community groups may use this service. We can only guarantee one issue of publicity closest to the date of the occurrence although more insertions are possible if demand is low.

Take control of your electricity costs.

Your business may be paying more for electricity than it needs to. The wholesale electricity market, through which your energy price is set, offers a variety of options to help you better manage your electricity costs. The Independent Electricity System Operator (IESO) and your Local Distribution Company have produced a brochure that demonstrates how some Ontario businesses are making the electricity market work in their favour with positive bottom-line results. If you have not yet received this brochure or would like more information, please visit our web site at www.ieso.ca/business
