Don't miss this opportunity to learn more about the services provided in your community that can help you and your family improve and maintain your health. **What a great educational family event!**

Halton Healthcare is Coasting Down the Information Highway

A new Diagnostic Imaging section on the Halton Healthcare Web site is now live and waiting for you! If you or a family member is coming to OTMH or MDH for an x-ray, ultrasound, or other type of diagnostic test, simply log onto www.haltonhealthcare.com, select For Our Patients on the left side, and then select Preparation Instructions at the top of the page.

Here, you'll find general information about the Diagnostic Imaging Departments at HHS, including the hours of operation, locations, and contact information. You can also select a diagnostic procedure from a list of many, and learn how to prepare for the test, what to expect when you get here, and any follow-up that may be required. Information about how to make arrangements to borrow a film is also included.

This new Diagnostic Imaging section is a great addition to Halton Healthcare's corporate Web site, and will hopefully reduce patients' uncertainty about procedures that can often be worrisome and confusing. We're looking to expand several other sections of the Web site to include similar patient instructions. **Stay tuned!**

"Shooting for Angels"

Late in 2004, **Douglas Paul Burns** and **Michael Brian Maynard** were taken from this world. They were two "amazing" individuals who were loved and respected by everyone they came in contact with. Both of these young men had many friends who still hold memories within their hearts.

A special bond that Doug and Mike shared was their love of basketball. Whether it was endless hours on the court perfecting their shots, watching NBA or college games, or high level competition on the court, basketball was their passion.

The **Shooting for Angel's** tournament is a charity 3-on-3 tournament to honour Mike and Doug's love of the game, and to keep the passion for basketball alive.

The tournament will be held on Saturday, August 27th, and Sunday, August 28th at E.C. Drury High School. Information may be found at www.shootingforangels.com.

A portion of the funds raised from the tournament will be donated to the Milton District Hospital Foundation.
