

Teens rebuild Hurricane-ravaged Grenada

Thirty-two Milton District High School students — some of whom are pictured at top right — plus six staff and four volunteers spent their two-week March Break building six homes and providing another four complete home kits in the village of St. David's Parish in Corinth, Grenada. The area was hard hit by Hurricane Ivan back in September. Top left, Nicole Death plays to the camera as she heads down the embankment to where her team members are busy constructing a new home. Bottom left, island resident Mr. Grant and his wife sit on the steps of their old house, while insets show their old home and the progression of their new one. The project is still in need of donations. Those wishing to make a contribution can do so at www.mdhshelps-grenada.org.
