

Two Milton doctors slated to open after-hours clinic in Acton next week

Two longstanding Milton physicians are among three doctors who will operate the Acton Medical Clinic, which opens next Tuesday.

Milton's Dr. Vello Tooming and Dr. Mustafa Kamouna will run the after-hours clinic along with Acton physician Dr. Nather Alshakarji.

The facility, at 93 Mill St. E., will provide walk-in clinic services Tuesdays, Wednesdays and Thursdays from 6 to 8

p.m.

"This is great news for Acton residents," said Angela Sugden Praysner, Halton Region's physician recruitment co-ordinator. "In addition to being able to provide residents with greater access to medical care, the clinic will help us attract more physicians to the community, especially if they are interested in joining a practice with an after-hours clinic already in place." Patients are reminded to bring their

health cards and information about any medications they're currently taking.

"This after-hours service will help with the physician shortage we are experiencing in Acton," said Dr. Alshakarji. "Patients will be able to come to a clinic they are familiar with, instead of having to drive to clinics or emergency rooms in Milton or Georgetown to receive treatment."

For further information, contact the Acton Medical Clinic at (519) 853-9997.
