E.C. DRURY HIGH SCHOOL

This past week, The Dateline Drury team has noticed just how much community involvement and leadership exists at our school. Last Wednesday, some senior students headed off on their last leadership retreat of their highschool career. On Thursday, the younger students headed out to join them for some fun filled days of leadership building activities. Hopefully these students will bring back some exciting new ideas to us here at Drury, which we can look forward to in the 2005-2006 school year.

We have also seen some amazing initiative and leadership efforts put out by the Diversity Committee which has put a lot of time into a great fundraising activity, the 30-Hour Famine. Signs can be seen all around the school, announcements can be heard every morning and the excitement for the Famine is building. The Famine will be held on May 13th and 14th here at the school with tons of exciting activities for all who participate. Our goal is to raise money for World Vision and support their efforts to end world hunger. Please speak to Jen Page, Joel Lazarski or Kyle Smith if you are interested in participating, or if you are not interested in participating in the Famine, you can sponsor one of the many dedicated students to support the cause.

"Drama at Drury" is another group of talented Spartans that has shown some outstanding leadership over the past few months. They competed in the Sears district drama competition in February and were able to blow the judges away with their stellar performance of 'Angelique.' They will be performing on Friday, April 22nd in Bradford as part of the regional competition. The leadership displayed by the senior students in showing the younger students the ropes is admirable. We hope they 'break a leg,' and represent our school well!

In order to benefit the community and the school's Technological Education programs, E.C. Drury will host its annual spring craft sale on April 23rd and 24th. Over 100 of the finest artists and crafts people in Ontario will be selling their creations from 10a.m. To 4p.m. that weekend. This sale is regarded by many shoppers as one of the highlights of the year. So if you are looking for unusual gifts and remarkable craftsmanship come on out to this event. You will be pleasantly surprised.

Now for this week's, "Where are they now?" This week's guest is Andrew Dundas.

BISHOP REDING HIGH SCHOOL

Hellooo Milton, and happy Spring! The warm weather has finally arrived, and everybody here at Bishop Reding is catching Spring Fever! You can already see the crowds gathering in the student square during lunch to take advantage of the warm rays. It won't be long now 'til summer!

Every day after school the varsity boys baseball team can be seen practicing outside in hopes that this season will be as successful as their last. The boys are looking promising, and we wish them good luck this season. In other sports, the badminton teams took part in an exhibition tournament last Friday, here at our very own Bishop Reding. Both our single and double players played extremely well. Special congratulations go to Justine Hall and Sean Mathé for coming in first in mixed doubles, and Lindsay Furik and Jamie Greenfield for coming in first in female doubles! Good job Royals!

"Fair is foul and foul is fair!" Who doesn't love a good play by our good friend Billy Shakespeare? This Wednesday, April 13th, Ms. Poppe's and Ms. Mackintosh's English classes are travelling to the University of Toronto to watch a performance of Macbeth. We hope everyone enjoys themselves while still watching out for the three duplicitous witches of Macbeth!

In light of the new season, BR's Student Government will be holding a Spring Fling Dance this Thursday, April 14th, at the school. Admission is only \$5, and proceeds will go to the Student Government so that they can plan more fun activities. So don't forget to bring your spring fling to the dance!

Spring is a season of rebirth, new life, and change. This month will be remembered in history by the faithful as the month that one of Christianity's great leaders passed away. Pope Jean Paul II touched many lives and will be remembered by the students at BR, especially those who went to World Youth Day in 2002, and were able to see the extraordinary man himself. In a few weeks, our Church may have a new leader, and we are looking forward to seeing the contributions that this individual will bring to our faith.

Well BR, that's all for this edition of the Royal Report. We'll see you next week.

MILTON DISTRICT HIGH SCHOOL

The sun is shining, the birds are singing, the breeze is blowing, and MD staff and students are...inside working! This lovely scene is of course viewed best from one's computer chair as we all work hard on getting in that assignment, or entering that grade.

Students and staff do not get to frolic in the fresh air as much as they would like to since they are reluctantly glued to their pens and paper. Still amidst this last minute bustle there are other activities that we cannot resist making time for as well.

The spring theatrical performance "7 Stories" is fast approaching and tickets are now available. This Canadian play is about a man on a seven-story building who is deciding whether or not to jump. It will undoubtedly be entertaining and sure to provide a few laughs. Milton District performances have always drawn out a good crowd who have left happy, and this one will not disappoint either.

Now that the sun is really out and shining the sports teams are out and ready to shine too. Boys and girls soccer teams can be seen running their hearts out almost everyday after school. So lets get pumped for an awesome season with lots of school support. Hopefully MD students will also be out supporting boys baseball and girls softball whose practices are also just beginning. The teams hope to get out there and play a solid season then maybe, just maybe, bring home a championship! The badminton team is also in full swing as many students turned out to play this year. Best of luck goes to all teams as they approach their first games.

Last week was also when MD took part in the Halton Skills Olympics. Students competed in video editing, cabinet building, cooking, machining, house building, and web design events. We even brought home some gold medals from James Cashwell for web design, and Ryan Hodgins and Pat Stokes for house building. The Grenada house building must have paid off! Congratulations to all students who participated, it was a long day of hard work and everyone did well.

So now we are another week closer to summer and weather is tempting us to drop the books and play outside. Luckily soon enough there will be a chance for that with the sports seasons just on the horizon. However until then we will just have to focus on getting that desired midterm grade.

Congratulations to our Draw Winners!
