Celebrating Earth Day

Crawford Lake Conservation Area celebrated Earth Week with a variety of activities in the reconstructed Indian village Sunday. At left, Lisa Ward serves up a cup of Hemlock Tea to visitors. Below, Erika Drygas, 6, with her butterfly painted face, samples some of the hot tea. At right, Chief Top Leaf (Albert McArde) carefully makes his way down a snow-covered ramp. Festivities were somewhat dampened by a light dusting of snow and then rain.
