

Easier Than Getting Pizza Delivered.

It's so easy to get GreenThumb™ Black Garden Soil delivered right to your home. How else could you get a full cubic yard of Specially Blended Soil or Mulch delivered with one simple phone call.

1. The delivery of the Giant Bulk Bags of Garden Soil is

easier than getting a pizza delivered because you don't even need to be home!

2. Just give us a call to book a delivery date. Then on the day of delivery, mark an "X" on your driveway of where you would like the bag placed. Be sure the area is 4' x 4' and is accessible by car (excluding garages, car ports and over-hangs). If you can drive your car to it we can most likely place it right where

for our delivery personnel to pick up.

Here's the Halton Sod No-Risk Guarantee. If our Bulk Bag Soil or Mulch is not what you expected, we will pick it up at our cost and refund 100% of your money.

So what's in the Bag? There are three different products you can have delivered right to your home. Black Garden Soil, Nature's Blend or Bark Mulch.

Black Garden Soil (\$119) for fantastic growing results, Green Thumb™ Black Garden Soil is nutrient rich and blended to perfection at its yard with black loam, peat loam, well-composted manure and a touch of mineral soil. It's great for use in your flowerbeds, vegetable gardens, and for over-seeding your lawn.

Nature's Blend™ (\$119) is the newest addition to bulk bag products. It is Greenhorizons unique Special Blend Mix Soil. Nature's Blend is an excellent soil designed for use under sod, filling in holes, levelling out sunken areas in your lawn or as a base for a new garden. It's a perfect blend of mineral soil for stability and nutrient value, and black loam / peat loam mixture for ease of use.

Premium Bark Mulch (\$129) is perfect for the finishing touch! Use Greenhorizons premium bark mulch as an effective way to reduce weeds, prevent soil and moisture loss, while at the same time, give your garden that professional look.

It's this simple: you call .. we deliver.
