*A Partnership That Works!*

## NOTICE OF COMPLETION

### Steeles Avenue (Regional Road 8) New Watermain, Wastewater Mains, Sewage Pumping Station and Forcemain Town of Halton Hills

#### Class Environmental Assessment Study

In March 2005, the Regional Municipality of Halton initiated a Class Environmental Assessment for a new trunk watermain, trunk wastewater mains, sanitary sewage pumping station and forcemain on Steeles Avenue (Regional Road 8) between Fifth Line South and Trafalgar Road (Regional Road 3) in the Town of Halton Hills. The need for these infrastructure components was identified in the Region's "Water & Wastewater Master Plan Review" adopted by Regional Council in March 2003.

The study has been conducted in accordance with the requirements of a Schedule B project as detailed in the Municipal Class Environmental Assessment (June 2000) and has identified the preferred placement of the new watermain, wastewater mains, sewage pumping station and forcemain is within the existing right-of-way for Steeles Avenue (Regional Road 8) by means of open cut construction. At water course crossings, the new services will be installed using jack and bore tunneling to avoid entering or disturbing the water courses. The preferred location for the new pumping station is on the south side of Steeles Avenue, approximately 300 m west of Sixth Line South.

Separate Project Files for the watermain, wastewater mains and forcemain evaluation and the sewage pumping station are available for viewing for thirty (30) calendar days from the date of this Notice until August 15, 2005 at the Regional Municipality of Halton, Citizen's Reference Library at the address below.

If concerns arise regarding this project during this 30-day review period, which cannot be resolved in discussion with the Region of Halton, a person or party may request that the Minister of the Environment make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order), which addresses individual environmental assessments. Requests must be received by the Minister at the address below within 30 calendar days of this Notice.

Minister of the Environment  
 12th Floor, 135 St. Clair Avenue West  
 Toronto, Ontario  
 M4V 1P5

A copy of the request must also be sent to the Region of Halton's Project Manager.

Dave Huk  
 Special Studies & Research Coordinator/Analyst  
 Regional Municipality of Halton  
 1151 Bronte Road, Oakville, ON, L6M 3L1  
 Phone: 905-825-6000 ext. 7639

 CONSTRUCTION SUPERVISOR:

R-2223-2004  
 MIKE RUSSELL, EXT. 7614

## Remember to Drive SAFE this summer

Now that the kids are out of school, it's more important than ever to be mindful of how fast you drive when behind the wheel of your vehicle. On your travels around Halton, you may have seen some of our Drive SAFE (Safety Awareness For Everyone) road signs, reminding drivers of the costs of speeding such as fines and lost demerit points. Soon, we'll also be displaying posters in community centres across the Region to further drive home the important message of road safety. So this summer while driving, be aware of your speed and slow down - it could be the best decision you make all day.

Help keep Halton roads safe. Drive SAFE.

Brent Marshall  
 CAO, Halton Region
