## Through her eyes

Artist Marcia Lantagne of the Burlington Fine Arts Group creates an abstract painting (lines and shadows) of the trees surrounding Crawford Lake from its boardwalk while taking part July 10 in the conservation area's 'Through the Eyes of an Artist' exhibit. The event, which featured local artists at work, wrapped up last Friday.

## Students available to perform odd jobs

Give Odd Job Squad the nod and they will get to work completing any odd job.

The Human Resource Centres of Canada for Students is offering student employees for hire to perform odd jobs around the home and office.

Odd jobs can last from a few hours to a few days, and the Odd Job Squad is available evenings and weekends. Students are available to help with babysitting, indoor housework, yard work, moving, office work, painting, and can assist persons with special needs.

The Odd Job Squad is an initiative of the Government of Canada's Youth Employment Strategy.

For more information or to hire, call (905) 878-8428, ext. 214.
