the energy of innovation

The Long Lake Project is an extraordinary joint venture between two companies with a shared vision for oil sands development — OPTI Canada Inc. and Nexen. Using OPTI's patented OrCrude™ process, this project is bringing together the best in their fields, utilizing the energy of innovation!

the energy of Fort McMurray

If you are seeking a challenging opportunity and want to be part of cutting edge technology, this may be the time to think about a career move.

The Long Lake Project is located approximately 40 km southeast of Fort McMurray, Alberta, a fast-paced, growing city with all the modern amenities and a population of 64,000 people. You and your family can enjoy a fantastic lifestyle, and take advantage of the outdoors as well as sports facilities.

The Operations positions will be permanently based in Fort McMurray.
