Firefighters work to extinguish a shed fire at a Mattamy Homes subdivision Saturday.

Arson suspected in two fires

Within five hours late Saturday night and early Sunday morning, firefighters were called to two blazes suspected of being arson.

The first fire took place at about 8:30 p.m. at a Bennett Boulevard construction site in the Mattamy subdivision near Fourth Line and Derry Road.

Firefighters arrived to find two sheds containing roofing supplies fully ignited.

A fuel oil tank was located just 10 feet from the blaze, but firefighters quickly put it out, said Milton Fire Department training technician Barry Kory.

The estimated value of the damaged property was \$1,500.

Crews were called to the second fire at the Milton Fair Grounds just after 1 a.m. Sunday.

They discovered a burning plastic run-off pipe on the north horse

barn, which was empty.

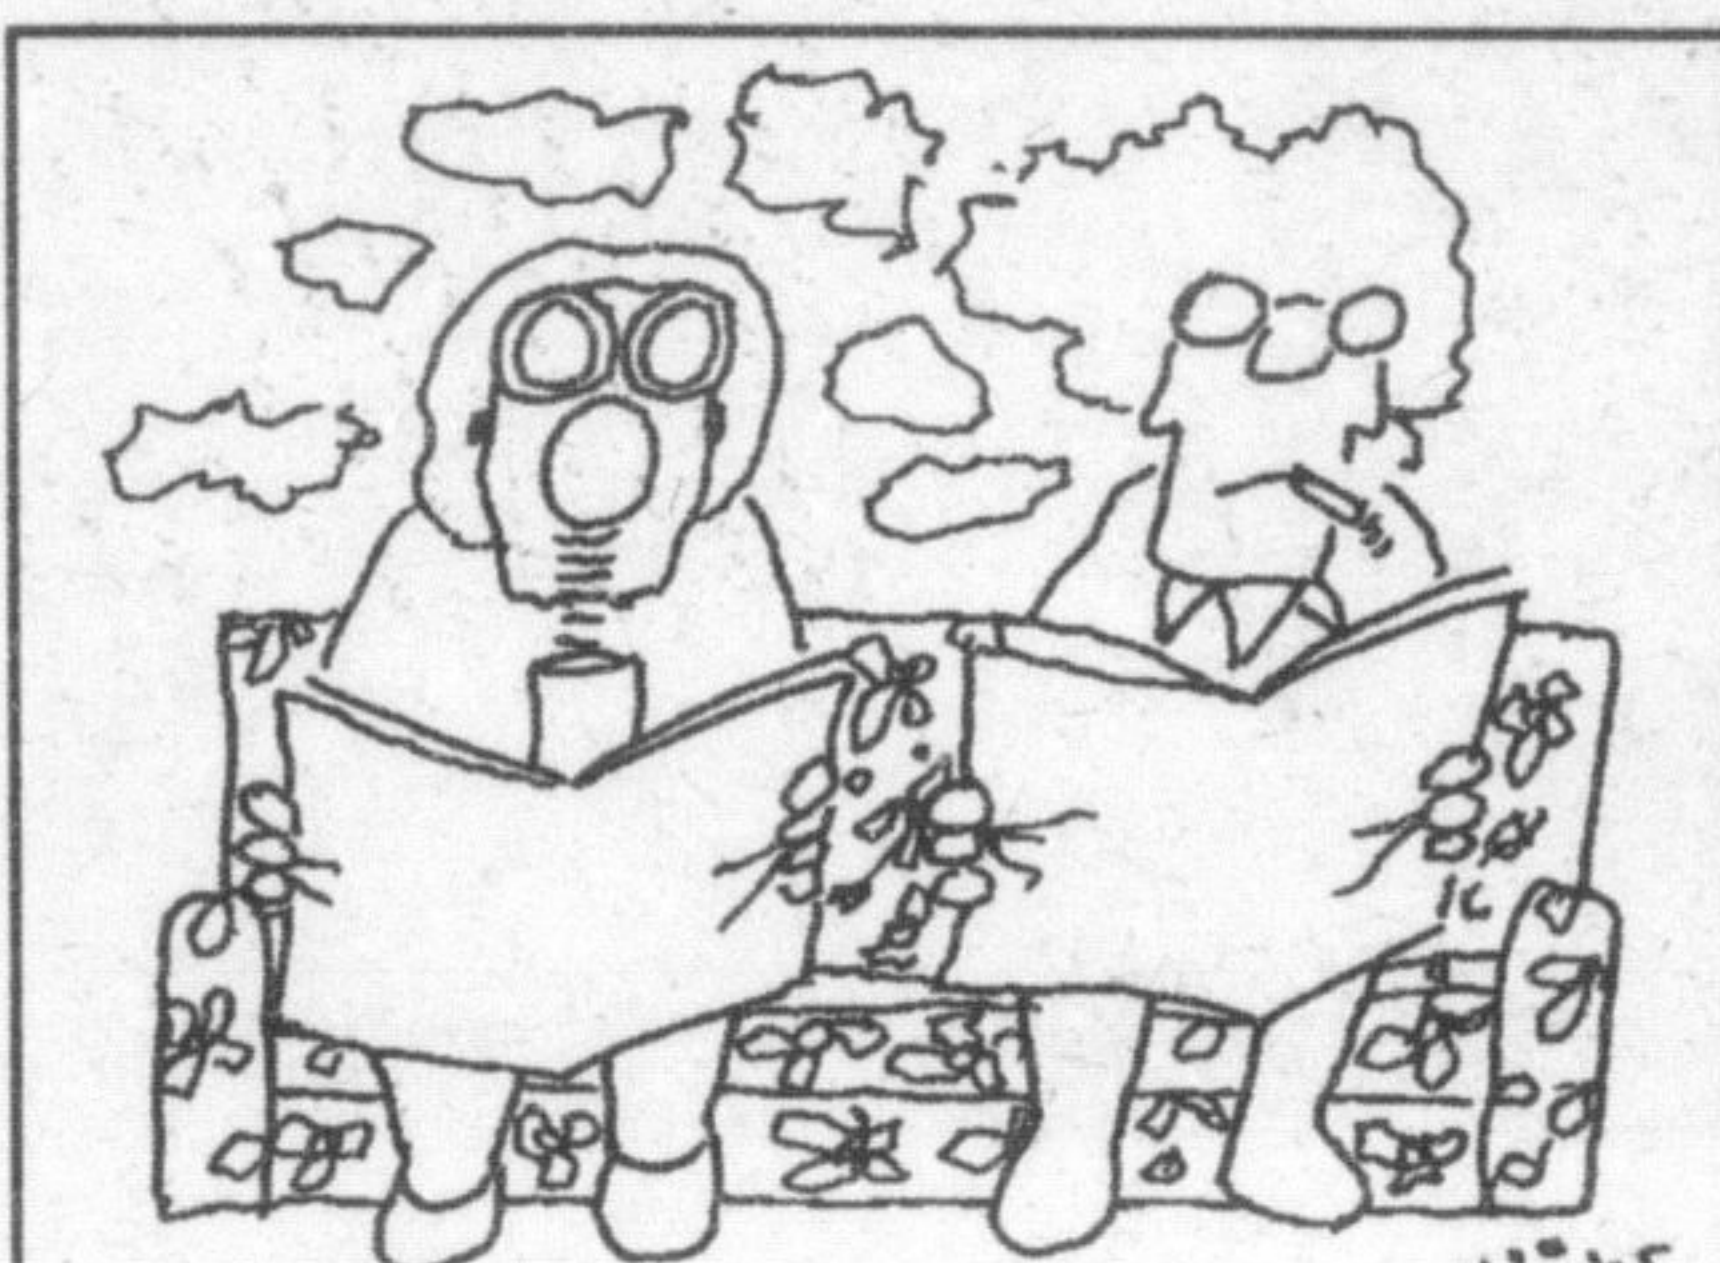

Mr. Kory said it seemed an accelerant, possibly lighter fluid, had been used on the barn.

The fire was quickly doused.

Mr. Kory said it's not yet known if the two incidents are linked.

"Arson is a dangerous thing. Is this a sign of a trend? I don't know," he said.

No major damage was caused by either of the fires, he said.

...is pleased to welcome Dr. Loukas Papas. We feel fortunate to have him join us and we're certain his personal, academic and practical successes will be positive for our community.

Dr. Papas grew up in Toronto and received his undergraduate degree at the University of Alabama, Birmingham where his attendance was bolstered by a soccer scholarship. His love of soccer ultimately led to many laurels; All-American Honor Roll, Canadian Men's Olympic Soccer Team and professional player for Darlington Football Club in England. A foot injury caused him to rethink his career path and that's where his misfortune became our good fortune. He chose to study dentistry. He completed his dental degree at the renowned dental school at University of Alabama and furthered his dental credentials by obtaining a Residency Certificate at Veteran's Affairs Medical Center in Birmingham. He has been practicing general dentistry in Toronto since 2003.

Dr. Papas is enthusiastic about his career, his patients and his new surroundings in Milton. He is committed to excellence and is looking forward to becoming part of our community and to the friendships evolving from that.

Loukas and all of us at Southview Dental happily look forward to fostering our professional relationship with all our patients for many years to come.
