**Use candles
with care**

Some good candle safety tips that everyone can practice, particularly during Fire Prevention Week, include:

- Always stay in the room where candles are being burned.
- Extinguish all candles when leaving the room or when going to sleep.
- Keep lit candles at least 30 centimeters away from anything that can burn.
- Keep candles, matches and lighters away from children and pets.
- Use sturdy candle holders that won't tip or burn. Those with glass shades or chimneys are best.
- When lighting candles, keep your hair and clothing away from the flame.
- Extinguish candles when they burn to within five centimeters of their holder.
