

# Most Serene Republic sets out on North American tour

Milton's up-and-coming band Most Serene Republic seems to have arrived now that it's making appearances on Much Music and going on tour.

The band recently set off for its North American tour with the group Metric, starting off in Montreal and finishing up in Vancouver.

In between, the group will perform some solo shows as it makes its way across Canada and the United States. They'll also perform some concerts with label-mates Broken Social Scene. Last week, the group's music video for Content Was Always My Favourite Colour was shown on The Wedge on Much Music.
