Scrapbook Paradise
 ...what is nice about scrapbooking
 is the fact that it puts your story together
 for those who were not there

My name is Sarah Moore and I am the owner of Scrapbook Paradise here in town. We are pleased to be a part of the downtown core in Milton. We co-exist with Recycled Reading the GTA's best used book store. Two shops in one, what more could you ask for? We are located at 150 Mill St, one street North of Main Street.

Scrapbooking is a whole new world... scrapbooks don't have to be plain or expensive. Scrapbooking has evolved from those old scrapbooks with the black pages and using photo corners to mount your old photos...to something quite wonderful. Now you have the creative freedom to do what you want. There are a few rules with scrapbooking. One is to always use acid & lignin free products. That way your photos last for a lifetime. The second is, have fun! Which I challenge you to not have fun while scrapbooking. It's impossible! Your imagination is your only limitation.

I enjoy the privilege of helping others scrapbook their memories. It's amazing how intimate a scrapbook can be. They are great gifts for those parents who have everything, for the bride to be, the new parents, the graduate etc. We have created lots of custom memory books for our customers and we have taught lots of customers to make their own through the classes that we provide. The classes range from novice to expert and incorporate new techniques.

People will always have photos, what is nice about scrapbooking is the fact that it puts your story together for those who were not there. So when you pass it along to your sons and daughters, they will know their family history and all the good times that they had. Scrapbooks help you to remember the good times because nobody takes pictures of the bad times.

What a difference in finding a scrapbook that tells you the story in comparison to a box of old photos of people who you don't know, or events you don't remember. Scrapbooking is a way to preserve your memories for a lifetime. What a great gift to give to your family. What a great way to preserve your heritage. If you need help with your scrapbook please feel free to pop in we will be glad to help you out. Ask for our class schedule!
