Registered Nurses

Recognition Values Respect

Be recognized for your contribution to Halton's successes. Providing services in public health, social and community services, and planning and public works, the Regional Municipality of Halton is a dynamic organization in an ever-changing and growing community, located in the western Greater Toronto Area. At Halton, one of Canada's Top 100 Employers, we value our employees, as it is only through their efforts that we are able to meet the evolving needs of our customers.

Are you a dedicated, caring, client-focused professional who wishes to work in a long-term care environment where the resident is at the centre of care and customer service is a commitment? Then, we welcome you to join our team at Allendale, Creek Way Village or Post Inn Village. You must be registered with the College of Nurses of Ontario, and have 2 years of nursing experience working with seniors, or in rehabilitation or long-term care. You will direct staff, co-ordinate skin and wound care programs, and participate in quality improvement and risk management activities. Computer skills are required. A BScN would be an asset.

Please forward your resume, indicating your preference for location(s) and full-time, part-time and/or casual work, and quoting Competition #SS-281-05, by December 2, 2005, to: Human Resource Services, The Regional Municipality of Halton, 1151 Bronte Road, Oakville, ON L6M 3L1. Fax: 905-825-4032.

The Regional Municipality of Halton offers a smoke-free workplace. We thank all candidates for their interest. However, only those selected for an interview will be contacted.

Are you seeking a new direction in your nursing career and more opportunities for personal growth? Consider telehealth, the new front line of nursing care.

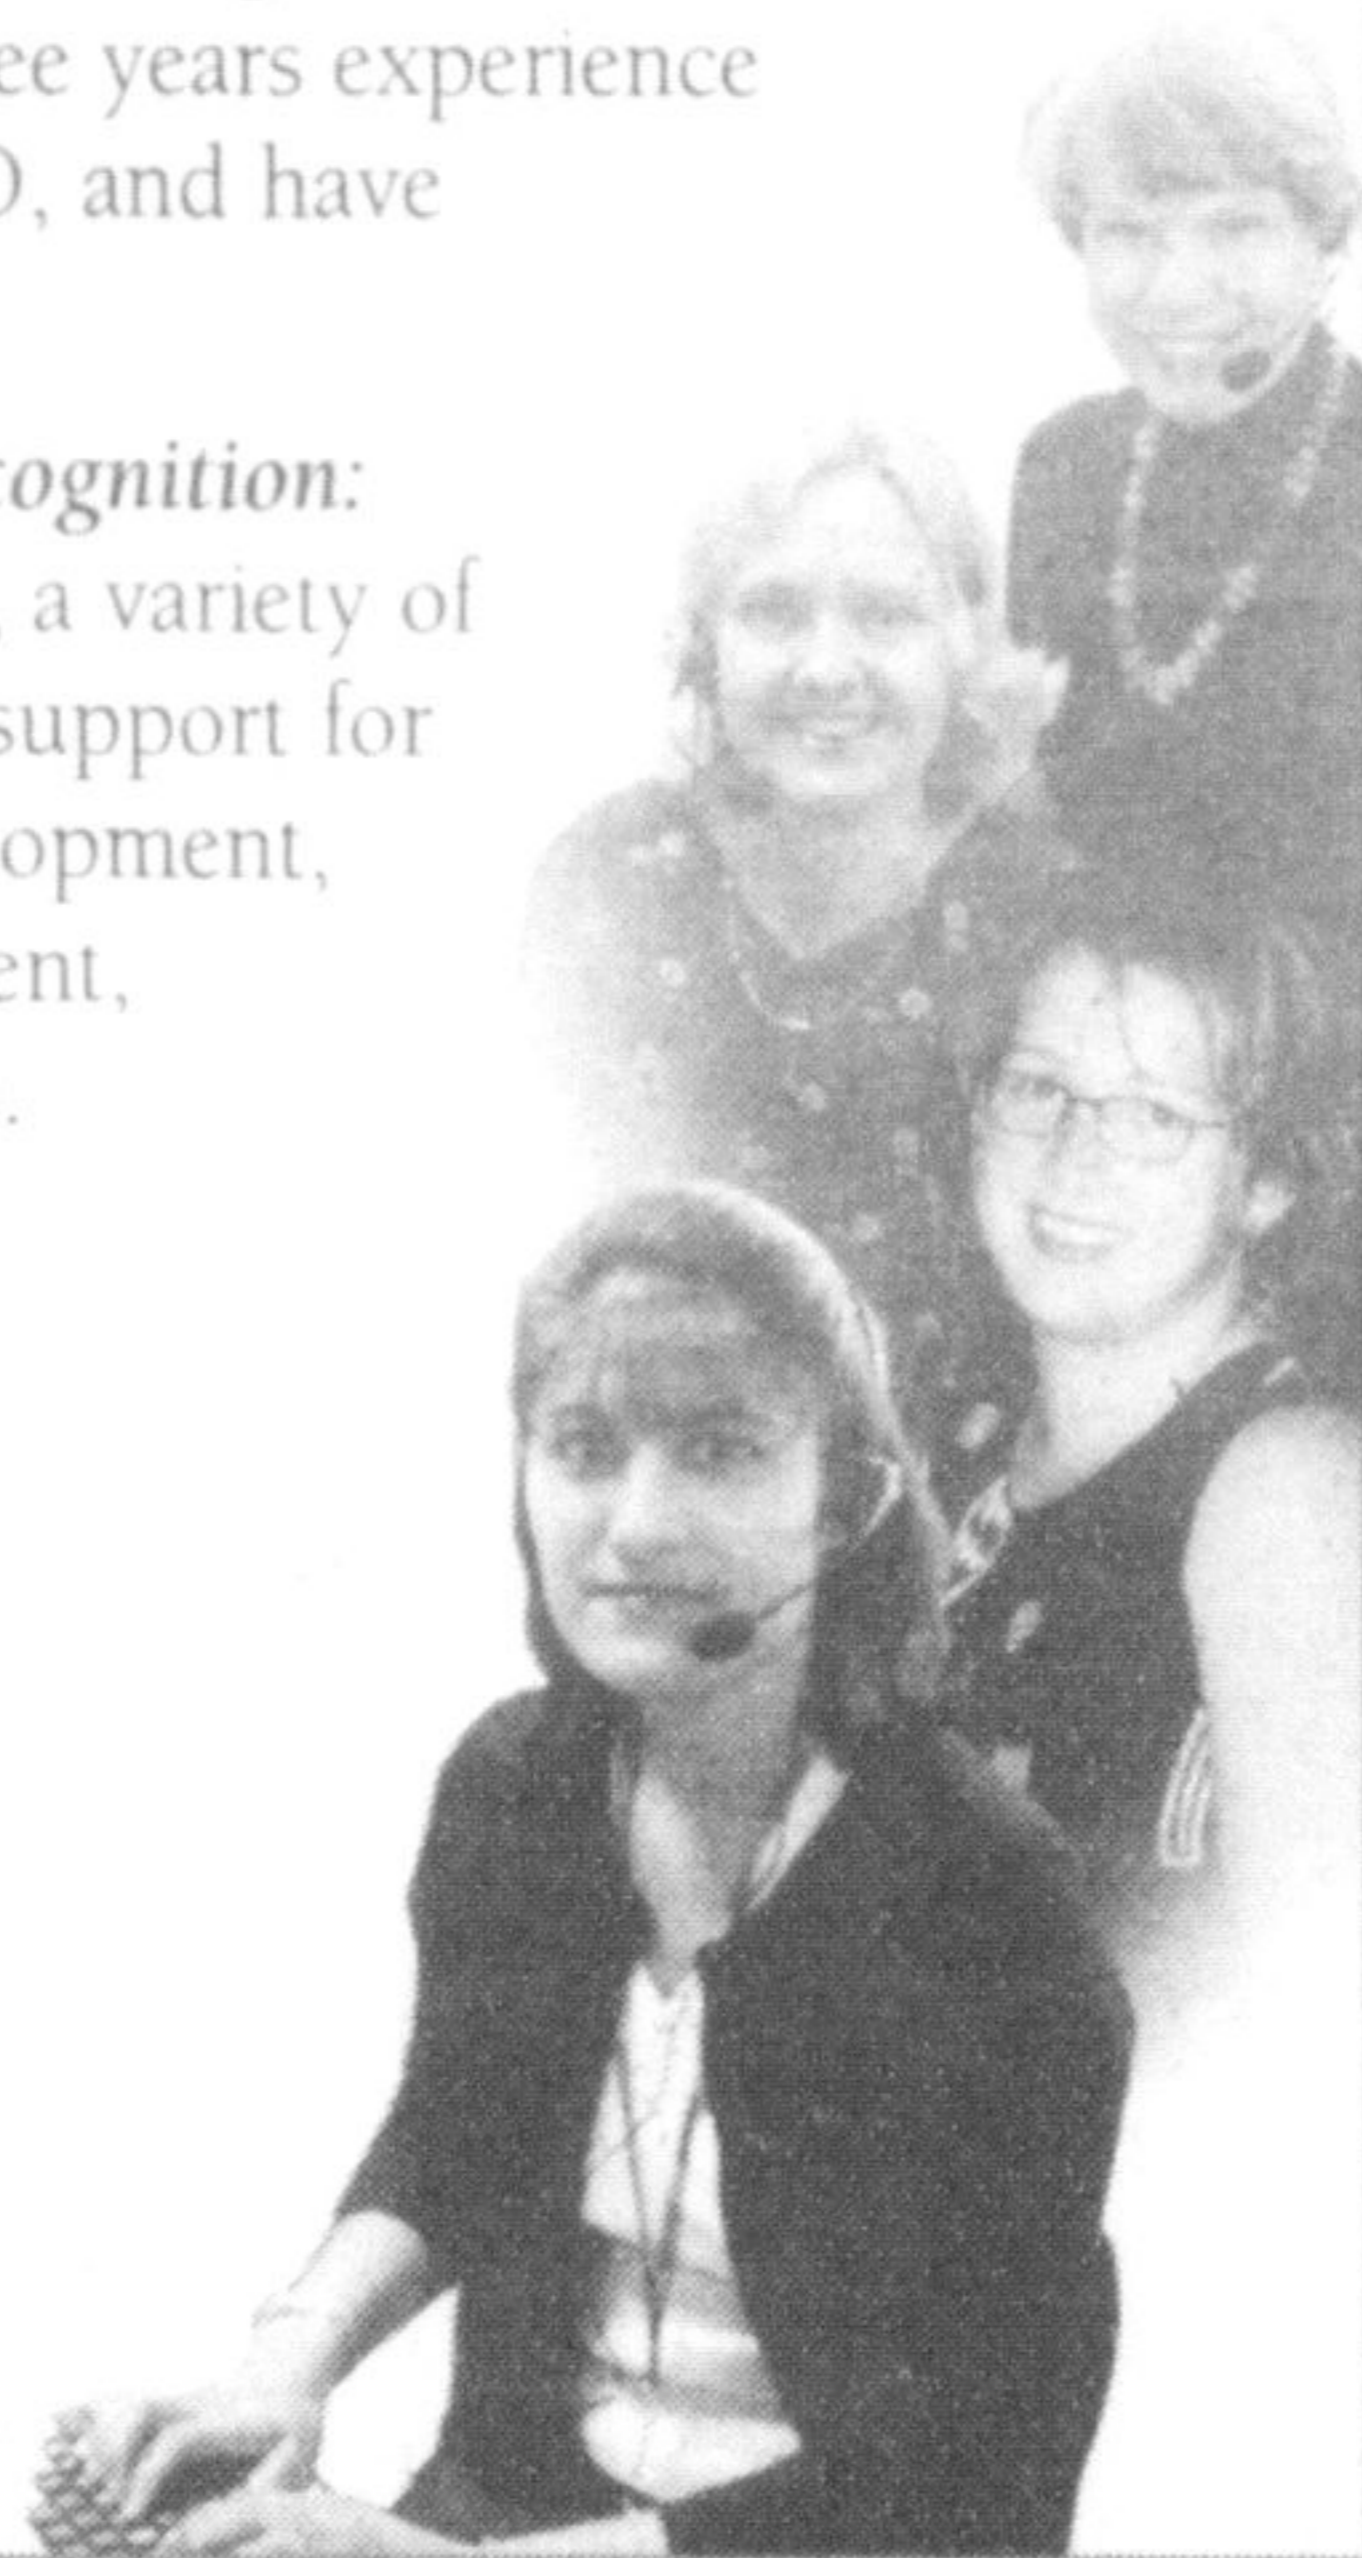

REGISTERED NURSE - TELEHEALTH

Clinidata, Canada's largest provider of telehealth services, is seeking both English-speaking and bilingual RNs to fill full and part-time positions in our Etobicoke Telehealth Centre, where you will respond to telephone requests from the public for immediate health triage, information and assistance. You bring a minimum of three years experience as a Registered Nurse, are a member of CNO, and have basic computer skills.

Clinidata offers innovative rewards and recognition: competitive pay and organizational bonuses, a variety of shift lengths and rotation options, financial support for continuing education and professional development, a friendly and supportive nursing environment, and professional advancement opportunities.
