

# Your Invitation To Worship

## Did God Create Evil?

There is a story about a professor at a college with a reputation for being tough on Christians. At the first class every semester, he asked if anyone was a Christian and proceeded to challenge them on their claims of faith.

One semester, he asked the question and a young man raised his hand to affirm that he was a Christian. The professor promptly asked him, "Did God make everything, young man?"

He replied, "Yes, sir! He did!"

The professor responded, "If God made everything, then He made evil."

The student didn't have an immediate response and

the professor was happy to have once again proved the Christian faith to be a myth.

Then another man raised his hand and asked, "May I ask you something, sir?"

"Yes, you may," responded the professor.

The young man stood up and said "Sir, is there such thing as cold?"

"Of course, there is! What kind of question is that? Haven't you ever been cold?"

The young man replied, "Actually, sir, cold doesn't exist. What we consider to be cold, is really an absence of heat. Absolute zero is when there is absolutely no heat, but cold does not really exist. We

have created that term to describe how we feel when heat is not there."

The young man continued, "Sir, is there such a thing as dark?"

Once again, the professor responded "Of course there is."

And once again, the student replied "Actually, sir, darkness does not exist. Darkness is really only the absence of light. Darkness is only a term that we developed to describe what happens when there is no light present."

Finally, the young man asked, "Sir, is there such thing as evil?"

The professor responded, "Of course! Rapes, murders, violent crimes, burglaries and other abuses occur everywhere throughout the world - those things are evil."

The student replied, "Actually, sir, evil does not exist. Evil is simply the absence of God. Evil is a term man developed to describe the absence of God. God did not create evil. It isn't like truth, or love, which exist as virtues like heat or light. Evil is simply the state where God is not present, like cold without heat or darkness without light."

The professor had nothing to say. . .
