

# Astronaut to be speaker at Regional chair's breakfast

Get up close and personal with Canada's first woman to travel in space at the third Bell/Chairman's Breakfast on the Environment April 21.

The event — to be held at Rattlesnake Point Golf Club from 7 to 9 p.m. — will feature astronaut Roberta Bondar as the keynote speaker.

She'll entertain the audience through her interests in environmental issues, lessons in life and personal motivation. Bondar will also explore issues of goal setting, teamwork and personal discovery.

Recipients of the Halton Youth Awards for Environmental Excellence and the Halton Environmental Scholarships Awards will be honoured at the breakfast.

Corporate sponsors for students are also being sought for the event. Sponsorship provides an opportunity for a corporation to allocate half of its table at the breakfast to a school, allowing four students and one chaperone to sit with the organization. Tables of 10 are available for \$400.

"Recognizing environmental protection must engage all generations makes students

a key element of the breakfast event," said Regional Chairman Joyce Savoline.

"Each year, approximately 100 young people between the ages of 12 to 17 years attend the event along with members from the corporate and community sectors."

All Halton schools are contacted and invited to register their interest in having four students and one chaperone attend the event.

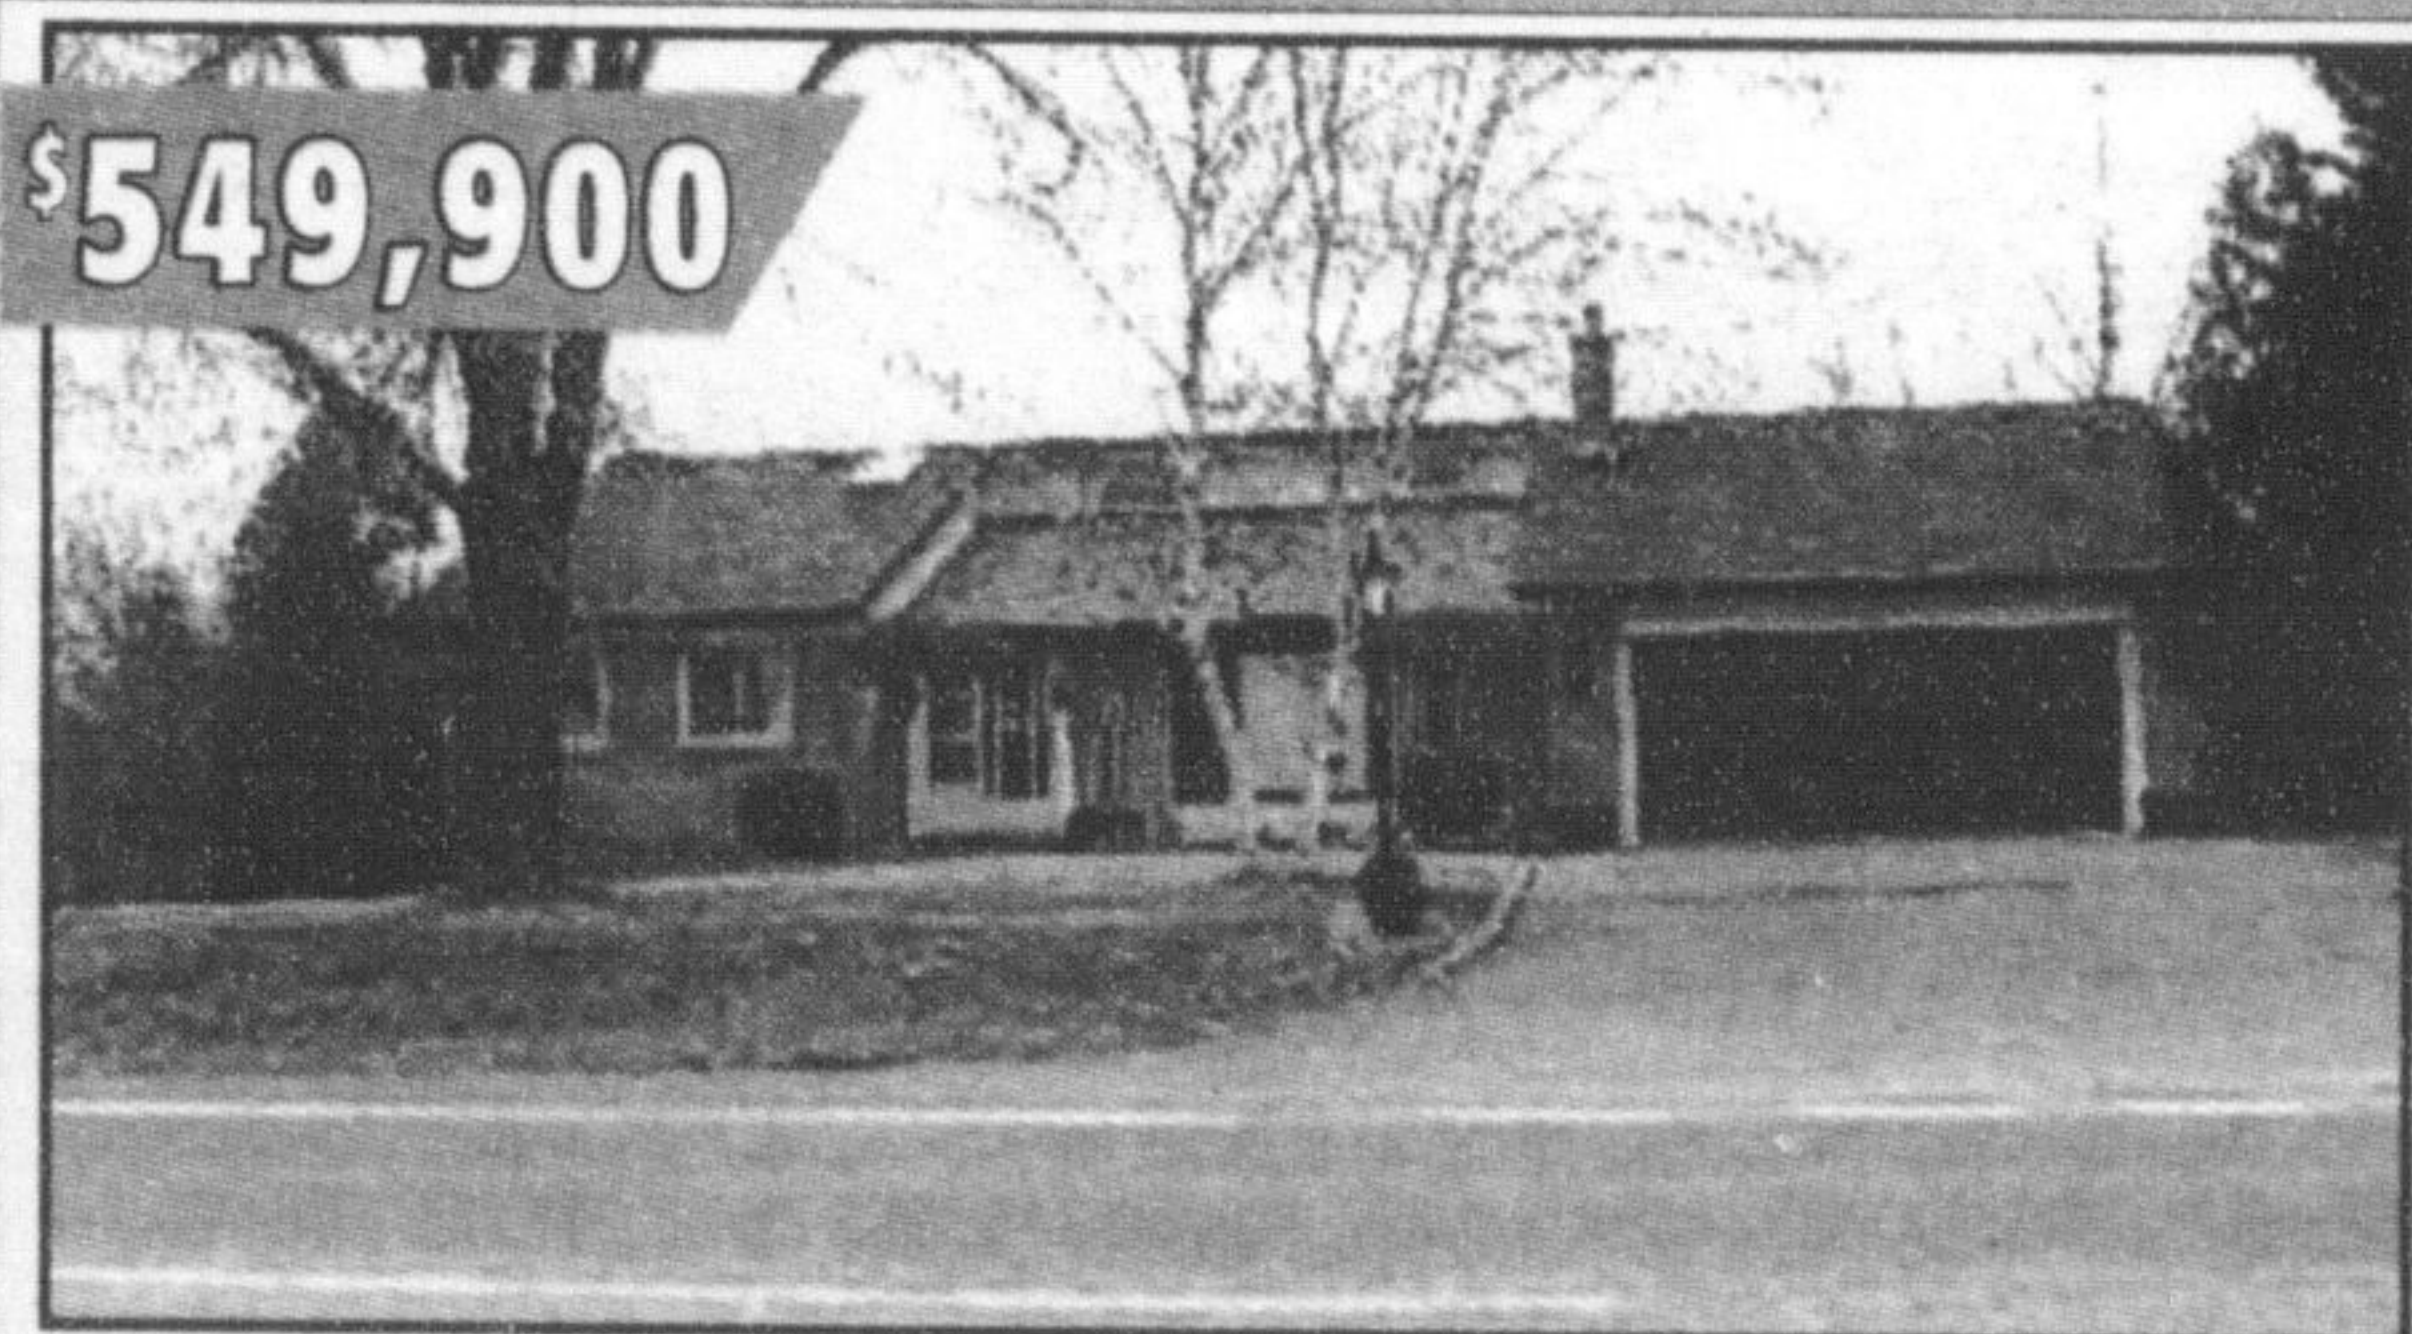

The number of complimentary student/chaperone seats are dependent on corporate sponsorship.

Since demand from schools is high, acceptance is on a first-come, first-served basis.

Individual tickets for the event cost \$40. Registration forms can be obtained on-line at [www.halton.ca/business](http://www.halton.ca/business) or by calling Halton's Business Development office at (905) 825-6000, ext. 7514.

The Chairman's Breakfast on the Environment is supported by Bell Canada through the Bell Community Development Fund and presented in partnership with the TD Friends of the Environment Foundation.

## Weekend SPOTLIGHT on homes
