**Kinark Child and Family Services** is an accredited children's mental health centre, providing quality services to children, youth and their families in a number of communities in Ontario.

Syl Apps Youth Centre is a secure treatment facility for children and youth aged 12 to 18 years. Join us in further developing Syl Apps as a Centre of Excellence.

**REGISTERED NURSES**

In one of these **full-time or relief** opportunities, you will join our multidisciplinary team, and provide nursing care to all residents in the Secure Youth Justice and Secure Treatment programs, based on the Harm Reduction Model. In addition to completing physical and psychiatric admission assessments of residents upon admission, you will prepare and administer medications and immunizations (as directed by a physician), monitor residents on medication, and counsel residents and staff on wellness and wellness initiatives.

Your 3 to 5 years of related experience in a residential or community-based setting are supported by a current Ontario RN Certificate of Competence, and current CPR certification. A proven ability to apply general nursing principles to adolescents who may exhibit disturbed, aggressive and/or violent behaviour towards themselves or others is essential. This role requires proficiency in MS Word and Outlook, and involves working rotating shifts, including evenings and weekends, and providing on-call services on a rotating basis. **File #SAYC06-10.**

**SOCIAL WORKERS**

Two challenging, **full-time** opportunities exist for strong communicators with 5 years of related experience, including working with residential treatment teams, preferably with an adolescent population. You will provide individual, family and group therapy to high-risk adolescents in secure custody, detention and treatment residential settings. Using a multidisciplinary team approach to treatment, you will liaise with community agencies such as schools, the police and probation services.

You hold an MSW, are a member of the College of Social Workers and Social Service Workers, and have demonstrated clinical, case management, and individual, family and group therapy skills. Expertise in a harm-reduction approach and competency-based therapy in working with adolescents with serious mental health issues, including violent and aggressive behaviour, is essential. CAFAS training and evidence-based, gender-responsive program experience are assets. This role involves working some evenings and weekends. **File #SAYC06-15.**

If you are a qualified individual interested in meeting one of these challenges, please submit your résumé, in confidence, quoting the appropriate file number, by May 3, 2006, to: Susan Stark, HR Manager, Kinark Child and Family Services, Syl Apps Youth Centre, 475 Iroquois Shore Road, Oakville, Ontario, L6H 1M3. Fax: 905-844-9197. E-mail: [susan.stark@kinark.on.ca](mailto:susan.stark@kinark.on.ca) (MS Word format, only).

We encourage applicants from diverse cultures. While we thank all applicants, only those selected for an interview will be contacted. No telephone calls, please.

**YOUTH WORKERS**

**Relief** positions are available, working up to 40 hours per week (rotating shifts), to ensure the counselling, care and safety of youth in either the Secure Treatment or Youth Justice Program. As a multidisciplinary team member, you will also be involved in the treatment and recreational planning process for residents in your care.

Your qualifications include a Child and Youth Worker diploma, or current professional membership with the Ontario Association of Child and Youth Counsellors, and a good working knowledge of MS Word and e-mail. You have a current First Aid or CPR certificate, as well as UMAB and TCI training, or the ability to successfully complete these programs. Experience in group facilitation within a residential setting, including performing one-on-one and group work with adolescents exhibiting disturbed, aggressive and/or violent behaviour would be an asset, as would a background with evidence-based and gender-responsive interventions. A valid driver's licence is required, as you may drive and escort residents to court, medical appointments and other community meetings. **File #SAYC06-16.**

**COOKS**

If you have an HACCP certificate and knowledge of volume food preparation, consider one of these **relief** positions, working up to 40 hours per week, to join our team. You will assist in preparing and distributing meals and snacks to residential units. This will include assembling prepared meals for delivery to residential and program units, collecting, and returning to the kitchen, and washing all dishes and utensils, and assisting with the preparation for, and serving at, special or catered functions. You will also provide vocational training to selected residents.

You bring experience in cooking, cleaning and dealing with sanitation procedures for large kitchens and equipment. A background in a secure residential setting would be considered an asset. **File #SAYC06-12.**

**LIGHT DUTY CLEANERS**

These are **full-time and relief** positions to provide cleaning services throughout the facility. As a result, you must be comfortable working in a secure facility, and have basic knowledge of the equipment, supplies and cleaning methods required for all areas of the facility. You have WHMIS training, are experienced with cleaning chemicals, and have the ability to work both independently and in a team environment. With several years of cleaning experience in a large institution/facility, you bring above-average knowledge of hygiene practices, and will be expected to provide vocational training to selected residents. The ability to successfully complete UMAB and TCI training is required. **File #SAYC06-13.**
