10 Ways to Save Money When Buying a New Home

HALTON - Although most homes for sale are resales, one out of four homebuyers purchases a new home. Which is better: existing or new? The right answer, of course, is up to you. Both resales and new homes offer advantages. New homes, on the other hand, offer innovative use of space, greater energy efficiency and choices of options and upgrades. Everything is new and modern. Most people consider both new and existing homes before they decide to purchase.

A new, special insider report entitled "New Homes - 10 Tips to Save You Time and Money." has just been released which identifies 10 invaluable tips to save you time and money when purchasing a brand new home. Also revealed are little-known buyer advantages that most builders may not tell you.
