

The Regional Municipality of Halton

Halton's Landscape Needs Your Talent And Ideas

Open Houses on the Durable Halton Plan: Building our Future

What Halton Region looks like and how it functions depends on you. Your contributions are needed to help us build the Durable Halton Plan. This Plan will be our blueprint for building Halton's sustainable and healthy communities well into the future. It will determine where and how we grow, and what we protect. This is your opportunity to help shape Halton's landscape for the next century.

The Durable Halton Plan will respond to the Provincial Growth and Greenbelt Plans, help us meet provincial requirements and ultimately, assist us in developing the next Official Plan.

To help us plan for the future together, Halton Region will host open houses to provide Halton residents and businesses with the opportunity to get involved and learn more about the Durable Halton Plan.

Let's shape Halton's landscape together. Please join us to plan our future at one or all of the Open Houses listed below.

Open House Schedule			
6:30 p.m. Open House • 7:00 p.m. Presentation

NOTICE OF PUBLIC INFORMATION MEETING

HAULED SEWAGE RECEIVING

As part of the Halton Region's commitment to improving communication with our customers, we invite you to participate in a Public Information Meeting to discuss Hauled Sewage Receiving at Halton Region's wastewater treatment facilities.

This meeting will include a brief presentation addressing:

- Current Levels of Services
- Halton's Current and Forecasted Issues; and
- Potential Solutions under Consideration

Following the presentation, a discussion will be held to further identify any customer issues that will need to be considered in the development of a comprehensive customer service strategy.

This Public Information Meeting will be held on:

Date: Thursday, June 22, 2006
Time: 7:00 p.m. to 9:00 p.m.
Presentation: 7:15 p.m.
Place: Halton Regional Centre
 1151 Bronte Road, Oakville
 Glen Lawson/Mansewood Room

Please confirm your attendance, advising of any additional issues you wish to bring forward at the meeting by contacting:

Nancy Borchetta
 Administrative Assistant
 Tel: 905-825-6000, ext. 7948
 Email: nancy.borchetta@halton.ca

Or, if you are unable to attend, but would like further information, please contact:

J. Stephen English, C.Tech.,
 Operations Support Co-ordinator
 Tel: 905-825-6000, ext. 7483
 Email: steve.english@halton.ca

PUBLIC INFORMATION CENTRE

NEW BURLOAK WATER PURIFICATION PLANT IN THE TOWN OF OAKVILLE

Halton Region is currently constructing the new Burloak Water Purification Plant, which is located on the south side of Rebecca Street just east of Great Lakes Boulevard in the Town of Oakville. Construction of the new raw water intake is also underway with the main staging area located in South Shell Park on Lakeshore Road at the south end of Great Lakes Boulevard.

This project followed the Municipal Class Environmental Assessment Process, which involved public consultations and the completion of an Environmental Study Report in November 2004. Halton Region also hosted two public information centres during the design phase of this project in June 2005 and November 2005, and information is available on the project website at www.halton.ca/BurloakWaterPlant

This Public Information Centre is being held to provide interested parties with information regarding the construction activities. Representatives from Halton Region, the consultants and contractors will be in attendance to answer any questions. The Public Information Centre is scheduled for:

Date: Thursday, June 22, 2006

Time: 6:00 p.m. – 9:00 p.m.

Place: Halton Regional Centre - North Auditorium
 1151 Bronte Road, Oakville
 Please park on the north side of the building and enter through the doors marked auditorium

You are invited to drop in any time during the above-noted hours to review and comment on the construction activities. If you are unable to attend this Public Information Centre and wish to obtain more information or provide written comments, please address your questions to:

Ms. Jacqueline Weston, M.A.Sc., P. Eng.
 Special Projects Engineer
 The Regional Municipality of Halton
 Tel: 905-825-6000, ext. 7433
 Fax: 905-847-2192
 Email: BurloakWPP@halton.ca

Alternatively, you may contact Halton Region at any time of the day or night at 905-825-6000.

Biosciences sector driving technology breakthroughs to economic success

Halton Region is a proud member of the Golden Horseshoe Biosciences Network (GHBN), a partnership including the City of Hamilton, Halton Region, the Region of Niagara, McMaster University, Brock University and Niagara College, that promotes the Golden Horseshoe region as a competitive cluster for the development of innovative biotechnology products and services.

The biosciences sector is growing into a powerhouse of research, growth and investment, committed to translating new technology into business success. At BioSummit 2006, a one-day conference at McMaster University held on June 13, members of the biosciences community had the chance to network and hear compelling speakers. To learn more about the GHBN or the BioSummit, visit www.ghbn.org.
