## The right place for a beautiful smile

The people at Denture Clinic of Milton want their patients to experience confidence in their appearance and speech, and to eat with comfort.

Complete denture service can be a complex and challenging procedure requiring experience and expertise. Denture Clinic of Milton has been serving the region since 1988. Owner Garry Trenton, D.D., offers a high standard of skill, commitment and caring to meet each patient's need for comfortable natural looking dentures.

Replacing your dentures at regular intervals of every 5-7 years helps to maintain a healthy, natural smile and prevent intraoral deterioration. Both full and partial dentures are available from Denture Clinic of Milton. In addition, implant retained dentures are available for

patients requiring a precision mechanical bond. Tooth loss from sports or automobile accidents can be treated prosthetically as well. With the use of old photos, Garry can restore your original smile to the way nature intended it.

If your denture has been getting loose and chewing is getting more difficult, perhaps a reline is the solution. Dentures usually need to be relined every two years. Soft touch and hard relines can be performed right on the premises at Denture Clinic of Milton. Denture repairs are no problem, and can usually be done the same day or while you wait. For your consultation, call Denture Clinic of Milton. No referral is required as they are open to the public.

## TOP 10 REASONS TO JOIN CARP

There's never been a better time to join Canada's Association for the 50-plus. How many reasons do you need? Halton Chapter

10. **CLOUT.** The 50-plus group is the largest single segment of the Canadian population, with more than nine million people. This means you have clout - but you need the strong voice of CARP to exercise it.
9. **HEALTH CARE.** The challenges to Canada's health-care system require CARP's strong voice to protect the needs and interests of the 50-plus.
8. **EMPLOYMENT.** There are new challenges - and new opportunities - connected with working past 65. You need the right information from a trusted source. CARP is that source.
7. **MONEY.** CARP has been vigilant in key financial areas - like blowing the whistle on Canada Pension Plan underpayments and successfully fighting to preserve income trusts tax status.
6. **LONGEVITY.** More and more, longevity and health depend on drug therapies that may not be covered by government health programs. CARP is fighting to make these vital treatments affordable.
5. **INFLUENCE.** Think government doesn't listen? CARP meets regularly with top government leaders (including the PM) and is the acknowledged spokesman for the 50-plus.

CARP's new free e-mail service, CARP E-VOICE, gives you a direct link to all federal and provincial elected representatives.

4. **LIFESTYLE.** Being 50-plus today means more opportunities - to learn, to travel, to enjoy, to experiment. CARP magazine provides the most relevant information about what's available, what's new and hot, what's coming next? For all the information you need, check out CARP magazine, website and e-newsletter.
3. **WELLNESS.** You can do a lot for yourself! Exercise, diet, new ways to live longer and live better. CARP magazine's team of experts provides all the key information you need, check out CARP magazine, website and e-newsletter.
2. **INVOLVEMENT.** Your ideas count - but only if they can be put forward effectively. Through CARP, your voice joins over 400,000 other Canadians who are 50-plus, assuring you of the influence you deserve.
1. **SAVINGS.** You can save a ton of money. CARP members get discounts and special savings on everything from insurance to travel to financial services to lifestyle products. Your \$19.95 membership can produce hundreds - even thousands - of dollars of savings!
