

Singer-songwriter releasing album here this weekend

He's been compared to Seal and Jack Soul.

Sunday, Miltonians will be able to hear singer-songwriter Shawn Glynn for themselves at an album release event at La Toscana Ristorante, 165 Main St. E., from 3 to 7 p.m. with a concert at 4:30 p.m.

The release marks the first stop on Glynn's national promotional campaign.

The show will feature live performances from his debut album — entitled

Grace — as well as songs from his second album, Face to Face.

Opening for Glynn will be guitarist and singer-songwriter Lucas Hunter.

The event will include complimentary appetizers and an autograph session following Glynn's performance.

Promoters describe Glynn's music as having adult contemporary arrangements nestled in catchy lyrics and sultry harmonies infused with R and B, soul, pop/rock, jazz and funk.

Metal & Appliance Call-in Collection Service

Metal items and appliances will ONLY be collected on a call-in basis, and therefore will not be collected on your scheduled Bulk Collection day.

To receive collection, please call Halton Region, Monday - Friday 8:00 a.m. to 5:00 p.m. at 905-825-6000.

Metal items and appliances include refrigerators, freezers, dishwashers, stoves, washers, dryers, metal furniture, broken down swing sets, etc.

Please ensure the doors are removed for safety.

If you have unwanted items that are in good condition, consider donating them to a charitable organization or reuse centre. You will be diverting material away from Halton's landfill and helping people in need at the same time!

Help Halton Conserve Water

As temperatures increase for the summer, so too does the use of water. There are a number of things we can do everyday to conserve water and ensure there is an adequate water supply to meet essential uses and for fire protection.

Lawns only need 2.5 cm (1") of water a week to stay healthy. To ensure that you are not overwatering consider using a SmartTimer with your sprinkler, or use a rain gauge to measure the amount of water your lawn receives each week.

Your ongoing conservation efforts will help ensure an adequate water supply to meet all our needs throughout the hot summer months. For more information on how you can help to conserve water, please visit www.halton.ca
