REGIONAL MUNICIPALITY OF HALTON

NOTICE OF FILING OF ENVIRONMENTAL STUDY REPORT - Derry Road (Regional Road 7) Transportation Corridor Tremaine Road (Regional Road 22) to First Line/Bronte Street, Town of Milton Class Environmental Assessment Study

The Regional Municipality of Halton has carried out a *Class Environmental Assessment (EA)* to address future travel demands on Derry Road (Regional Road 7) from Tremaine Road (Regional Road 22) to First Line/Bronte Street (see map below). The study was conducted in compliance with Schedule C of the Municipal Class Environment Assessment (June 2000), which is approved under the Ontario Environmental Assessment Act.

Following the March 1, 2006 Public Information Centre, the preferred alternative was reviewed in light of comments received and modified as required. Taking into consideration the comments received from the Town of Milton, regulatory agencies and the public, the recommended alternative includes:

- The widening of Derry Road (Regional Road 7) from two to four lanes from Tremaine Road (Regional Road 22) to First Line/Bronte Street with an urban cross-section, continuous centre median and delineated on-road cycling lanes; and
- A grade separation underpass at the CN Rail Line, located west of First Line/Bronte Street.

The Environmental Study Report (ESR) has been prepared to document the planning and decision making process undertaken for this study. By this Notice, the ESR is being placed on the public record for a 45-day review period in accordance with the requirements of the Municipal Class EA. Subject to comments received as a result of this Notice and the receipt of necessary approvals, Halton Region intends to proceed with the detail design and construction as documented in the ESR. The ESR is available for review at the following locations:

Clerk's Department Regional Municipality of Halton	Clerk's Department Town of Milton (Town Hall)	Milton Public Library
1151 Bronte Road Oakville, Ontario L6M 3L1 Tel: 905-825-6000 Mon.-Fri., 8:30 a.m. - 4:30 p.m.	43 Brown Street Milton, Ontario L9T 5H2 Tel: 905-878-7252 Mon.-Fri., 8:30 a.m. - 4:30 p.m.	45 Bruce Street Milton, Ontario L9T 2L5 Telephone: 905-875-2665 Sun. & Mon. - Closed Tues. - Thurs. 10:00 a.m. - 9:00 p.m. Fri. & Sat., 10:00 a.m. - 5:00 p.m.

Further information may be obtained from Ms. Lisa Zinkewich, B.E.S, Project Manager, Halton Region, 905-825-6000, ext. 7556. Please provide any written comments to Halton Region by Monday, August 14, 2006 (within 45 days from the date of this Notice). If concerns regarding this project cannot be resolved in discussion with Halton Region, a person or party may request that the Minister of Environment make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order). Requests for a Part II Order must be received by the Minister, at the address below by Monday, August 14, 2006. A copy of the request must also be sent to the Region's Project Manager. If no request is received by Monday, August 14, 2006, Halton Region intends to proceed with detailed design and construction as outlined in the ESR.

This Notice first issued on June 30, 2006.

Working to control West Nile virus

A. Brent Marshall
CAO

Each year, Halton Region works to control West Nile virus (WNV) through a comprehensive plan that includes public education, surveillance, and a larviciding program on public property. Halton residents have helped in this effort by reporting dead bird sightings and eliminating standing water on their properties.

Last year, five Halton residents were diagnosed with WNV illness. As summer heightens, it becomes even more important that residents take steps to avoid mosquito bites. Wear pants and long-sleeved tops that are light in colour and made of tightly woven materials. Apply an approved insect repellent, such as one containing DEET. Remember that mosquitoes are most active from dusk to dawn and any time in shady, wooded areas.

Dr. Bob Nosal
Medical
Officer
of Health

Halton Regional Meeting Schedule
