Business WebStudio
A Division of Metroland Printing, Publishing and Distributing

Is currently searching for a Junior to Intermediate .NET Developer for our Interactive Media Group.

Working in our Oakville offices, you will be part of a team that will be responsible for rebuilding 30+ wide web projects from the ground up, utilizing newly developed, extensible, object-oriented CMS based on the .NET platform.

In this role, you will be responsible for working with both in-house and off-shore team members on front and back-end Web development. You will assist in planning, coordinating and executing development projects on a range of web properties that support local, regional and national print publications.

The qualified candidate will have:

- 1-3 years of experience creating .NET web applications and interfaces
- A college or university degree in Computer Science or Web Development / Design
- A strong understanding of website usability, traffic flow, interface layout and design, and search engine optimization
- Previous experience using IIS, remote desktop and other standard MS tools
- Strong Microsoft technical skills in the areas of SQL server, Visual Studio .NET 2005, C#, ASP.NET, IIS and source code management
- Experience within .NET, MS SQL, ASP/ASP.NET, XHTML, CSS, XML and JavaScript
- Exp. with graphic design tools such as Photoshop and Illustrator
- Experience developing for multiple browsers on both Mac and PC (IE/Firefox/Safari)
- Working knowledge of Flash ActionScript
- Knowledge of Internet protocols and security issues

If you are a highly organized - team player, that's looking to work for a leader in the media industry, this opportunity may be the right one for you. We offer a competitive compensation and benefits package, as well as opportunities for future career growth.

If interested please forward your resume by July 12, 2006 to:
careers@haltonsearch.com

We appreciate the interest of all applicants however only those selected for an interview will be contacted.
