# MILTON CHAMBER OF

[www.chamber.milton.on.ca](http://www.chamber.milton.on.ca)

## President's Message

Leslie McLaren

My message this month is both timely, due to our unprecedented heat wave and beneficial to our Chamber members. I am pleased to announce the Milton Chamber of Commerce Member-to-Member Natural Gas Program!

The Milton Chamber of Commerce in conjunction with ECNG Limited Partnership (ECNG LP) has created a natural gas buying group program that helps small businesses control their energy costs through a proven program that consistently beats the local gas utility prices year after year.

Members can participate in the Managed Portfolio and your business is placed into an expertly managed "Buying Group". ECNG's energy experts will purchase natural gas on your behalf as part of the group and pass on the benefits from buying larger volumes for a diversified group.

ECNG's team of experts will purchase and manage all of the natural gas for the "Buying Group". Every aspect is taken care of for you; ECNG will manage all natural gas negotiations, the physical nominations and the balancing requirements on your behalf. You will receive one invoice per month through your gas utility.

It is that simple! You can focus on your business while you receive the benefits of the Managed Portfolio's buying power with the confidence of being part of a larger group.

### BENEFITS

- Consistently out performs utility prices
- One price gives cost certainty
- Group buying power
- Expert managed portfolio
- Simple sign-up
- One invoice per month
- No penalties for over or under consumption

"The Guelph Chamber of Commerce has offered its members a group natural gas program, managed by ECNG, since 1991. The program has consistently provided lower natural gas pricing than utility rates."

The Chamber has a terrific relationship with ECNG and we look forward to working with ECNG for many years to come."

Ian Smith,  
President & CEO Guelph Chamber of Commerce.
