Town gearing up for Milton Santa Claus Parade Nov. 26

Your mind may still be in summer mode, but make no mistake — Christmas isn't far away.

In fact, the Milton Santa Claus Parade is less than two months from now. The event will take place November 26 and will leave the corner of Bronte Street and Heslop Road at 2 p.m.

Members of the parade committee are currently seeking float entries as well as financial donations and volunteers.

This year's parade theme is A MovieLand Christmas. Floats will depict Christmas as seen in both movies and cartoons, and awards will be presented to the best entries in five categories.

Gorru's/Milton Toyota took Best Overall Win last year.

Parade entry forms are available at numerous locations

fundraising program, but members of the parade committee say more help is needed to cover costs.

Anyone interested in making a donation or who would like more information on the business sponsorship program can call Mike Ricker at (905) 876-1331.

Once again, volunteers will also be walking the route with brightly marked pails, taking up a collection to help defray costs.

Volunteers of all ages are also being sought to help the day of the parade. Those interested can call volunteer chairperson Alma Gildea at (905) 878-9838. Youth volunteers will get credit toward their school community service requirements.

For more information about donations or entries, call Mike Ricker at (905) 876-1331.

around town, including at The Champion's office at 875 Main St.

Financial assistance from individuals and businesses is imperative, since the event doesn't receive funding from the Town of Milton.

So far, businesses have responded well to the parade's

Remember to Recycle!

With a little extra effort, recycling saves a lot!

One ton of recycled paper saves up to 17 trees. Recycling paper, plastic and metal saves tons of garbage from being put into local landfills. These are just a few of the many reasons to recycle and use recycled products. By cutting down on waste and using more eco-friendly products, we can keep Milton and our planet a healthy, beautiful place to live.
