MILTON DISTRICT HIGH SCHOOL

The cold weather has come and the warm weather is gone. We at Milton District are feeling the season. Pumpkin Grams are already being sold during lunches for 50 cents. They are candy grams that can be delivered to anyone you want. Proceeds are going to purchase more shoe boxes, which we are filling for the less fortunate.

Clubs are in full swing and always looking for new members. We have clubs for all kinds of things. There is videogame club, cooking club, yearbook committee, women's rights club (Go Girls!), art club, diversity club and improv. There is quite the selection.

Speaking of yearbooks, we have finally received last year's book, the anticipation can stop! If you haven't picked up yours yet, you can do so in the main hallway periods 2, 3 & 4. The yearbook committee is already planning next year's book and many fundraising ideas. On Halloween we will have a set that you will be able to pay to have your picture in front of, with a chance to get your picture in next year's yearbook, in all your Halloween glory.

MD has a full sports schedule this season as well. We have girls basketball, boys senior and junior football, boys volleyball and cross country. Our junior boys football team is undefeated so far, with only 2 points scored on them all season. The senior girls just had a great win against Acton in basketball. Way to go Mustangs!

All of us are looking forward to our first school dance, the Halloween Dance on October 19, from 7:00 p.m.-11:00 p.m. Tickets are \$8.00 in advance and \$10.00 at the door. Hope to see all of you there!

It has been another busy week here at Milton District High School and we look forward to many more!

E.C. DRURY HIGH SCHOOL

Turkey sandwiches, turkey pies, turkey cereal (that's new), turkey soup, and turkey, and turkey, and turkey. We are all finding ourselves a little turkey'd out after the mothers of Milton have force-fed turkey down our throats...okay, we wouldn't say forced. We don't know about you, but we all spent those four glorious days off of school making use of the bird. And though our teachers saw fit to give us more homework with all of that free time, we refuse to comment on the completion of such assignments. The majority of our student body met up with old relatives, the kind you only see a couple times a year. They tend to pinch your cheeks, but we take it. There was turkey. But really, it was fantastic meeting up with the family and re-living our traditions around the table.

So enough about the turkey, those of us who ate too much (far too much) can be seen rolling around on the Drury dodge ball courts for our fist ever intramural dodge ball tournament. Creative little Drury even thought up their own team names, such as the Depot Boys and the "Gun" Show. Whether or not the team has been making use of E.C.'s fitness room remains to be seen. The tournament will take place during lunch hours from October 10th to October 15th in the gyms, and we'll reveal all the results in next week's column.

Though we assure you that our creative sides will shine a little brighter when it comes to making up costumes for our annual Halloween Dance. It's every student's highest aspiration to get called up on the front stage to accept the highly coveted 'Best Costume' Award. Lasers, lights and a fog machine will meet us on Friday, October 27th. Not to mention a professional DJ from Chaos Entertainment! We have even heard rumours of glow sticks being sold...(GLOW STICKS!). This is one of E.C. Drury's favourite traditions, and we believe that it'll glow even brighter than before thanks to our very own Dance Committee led by Student Government.

Hope to see you there!

BISHOP REDING HIGH SCHOOL

It is hard to believe that October is almost half over already! Although it is more than a month into the school year, it is never too late to join a club or team. On Thursday, October 12, the first Student Activity Council (SAC) meeting was held. This is a group of volunteers who help out with the many events that BR puts on. This group is a great way to meet people and make a difference in the school, and it is definitely not too late to join. For more information on the next meeting, listen to the announcements, or speak with Ms. Kuch, Erin Hetherinton or Julia Riddell.

Not only are there tons of extracurricular activities, but Bishop Reding sports are also in full swing. The junior and senior girls field hockey teams are off to a great start; the juniors with a present record of 1 and 2, and the seniors with a record of 0 and 6. Although those numbers may not seem favourable, the girls are pouring their hearts and souls into their teams and are doing a great job. Moreover, the junior and senior girls' basketball teams have already attended a tournament and put forth a fantastic effort. Looking at our fantastic boys teams, we see that the boys' junior and varsity football teams, as well as the junior and senior boys' volleyball teams, are showing great promise. Moreover, the Student Athletic Association is always looking for volunteers to help put on tournaments and other events. Listen to the announcements and come on out to the next meeting, this Inside Source sure won't miss it.

While it's great that BR has always has teams for these much loved sports, it's always nice to throw a little something new into the mix. This year, Bishop Reding is pleased to add a new team to its roster. All students are encouraged to come out to the new BR swimming team. For more information, anyone interested should see Mr. Wong before the first practice on October 30.

Also next week, both students and parents have the chance to see how well this new school year has gotten off the ground. On October 16th, progress reports go home to give students an idea of how they are progressing in their new classes. On October 18th, teachers will be available at specified times for Parent-Teacher interview night. Students will be able to arrange times to meet with their teachers early in the week.

As brilliantly coloured leaves fall amidst the sharp autumn air, one cannot help but dread the cold of winter that awaits. The school work gets more challenging and the "To-do" list builds up, but we must not forget that beauty exists beyond human-made structures. Let us be inspired by the ability of nature to shed gracefully its summer skin, and transform into a white silence. If only people could take change with such ease; being joyful for what we possess and letting go of that which we do not. Your Inside Sources hope that your stresses blow away like the brittle autumn leaves, and that you enjoy each day of this inspiring season.
