Public School Trustee

Donna

DANIELLI

I will focus on ensuring that every student with the Halton District School Board has the best opportunity and resources to succeed.

A Public School Trustee:

- Uses budgets and financial resources to determine critical priorities for the school system.

Owning the Vacuum Store for over twelve years has developed the skill sets required to succeed in today's world - fiscal responsibility and strategic planning.

The Milton Chamber of Commerce nominated me for Business Person of the Year in 2005.

A Public School Trustee:

- Builds collaborative relationships and partnerships with political and business leaders, education partners and parent and community groups.

Served as the Chair of the committee which amalgamated two competing child care agencies into the highly successful Milton Community Resource Centre. I then served two years as Chair of MCRC.

What People Are Saying

"Donna Danielli was instrumental in the creation of Milton Community Resource Centre. She voluntarily took on the task of chairing a difficult consolidation committee, combining Milton Community Information Services and Milton Children & Youth Services. Donna then demonstrated great leadership & tact as the inaugural Chair of MCRC, successfully drawing together two distinct boards and their philosophies". Brad Clements, former chair Milton Community Information Services, former Board member Milton Community Resource Centre.

I'd love to discuss any issues and concerns you have. Please feel free to contact me at: 905-854-2469 or ddanielli@interhop.net
