 Annual General Meeting
 November 20, 2006*

Our Vision

Our Vision is one in which all people with physical disabilities in Halton Region live their lives self-directing their range of services in a dignified living environment as active members of the community.

Our Mission

Independent Living Halton (a non-profit corporation) will promote dignified independent living throughout Halton Region for adults with physical disabilities. To do so we will provide housing and support services in their homes respecting their own familial, linguistic, spiritual and cultural diversities.

And now for something completely different...

Join our special guest, Steve Patterson, naturalist and flying squirrel expert, as he sheds light upon this fascinating nocturnal forest dweller. Marvel at these ambassadors of forest health.

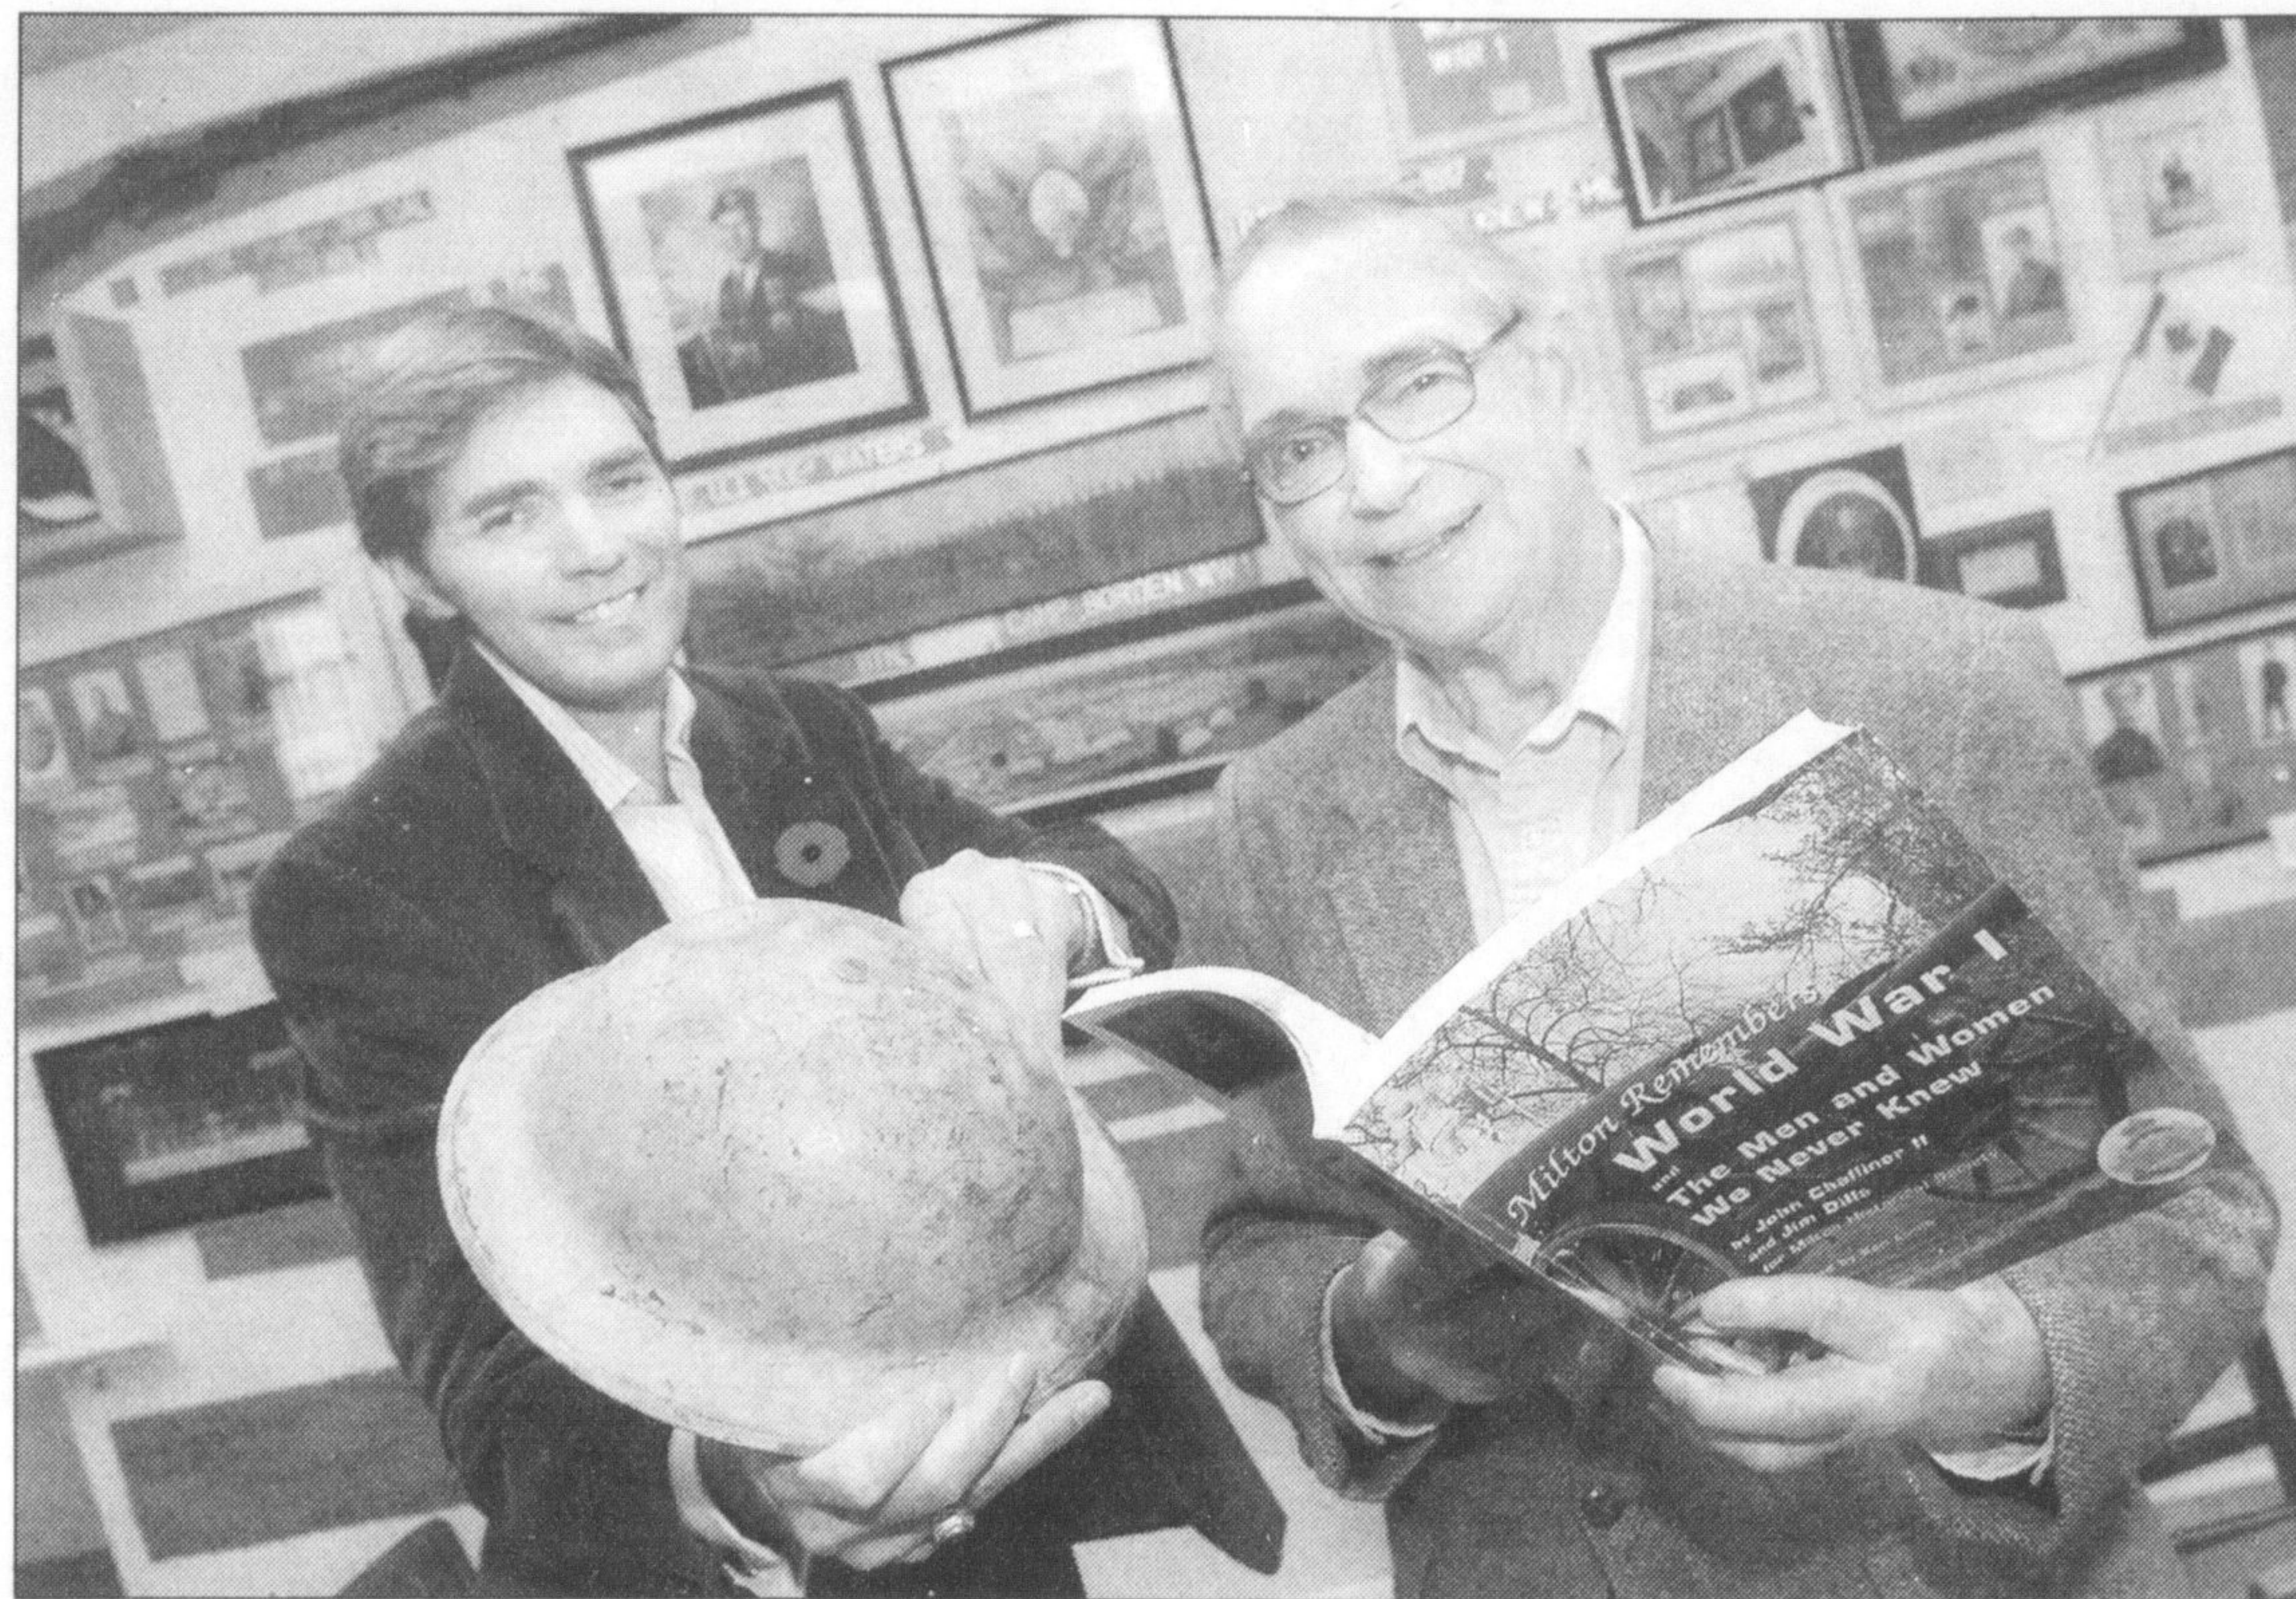

Not the same-old, same-old... Please join us for refreshments, and a fascinating live demonstration of Flying Squirrel adeptness. It won't be like any Annual General Meeting you've attended before! Learn about us too, and how we serve our community. Hope to see you there!
