

# Extinguishing system quickly puts out fire at movie theatre

A deep fryer that caught fire at the local movie theatre created a potentially dangerous situation Friday night.

The blaze occurred shortly before 11 p.m. at Galaxy Cinemas on Maple Avenue, said fire chief Larry Brassard of Milton Fire Department.

Fortunately, the building's fire code was up to date, and the automatic extinguishing system kicked in right away, putting out the flames, Brassard said.

"It had the potential for being a serious fire," he said, adding, "The system functioned as it's designed to do."

The extinguishing system, which doesn't use water, is different from a sprinkler system, and was localized to the cooking area — so people didn't get wet.

Evacuation wasn't necessary, and movie-goers continued enjoying their flicks undisturbed.

## Body and Sole spa

Corporate Discounts • Gift Baskets  
Many other Packages Available  
Full Esthetic Spa

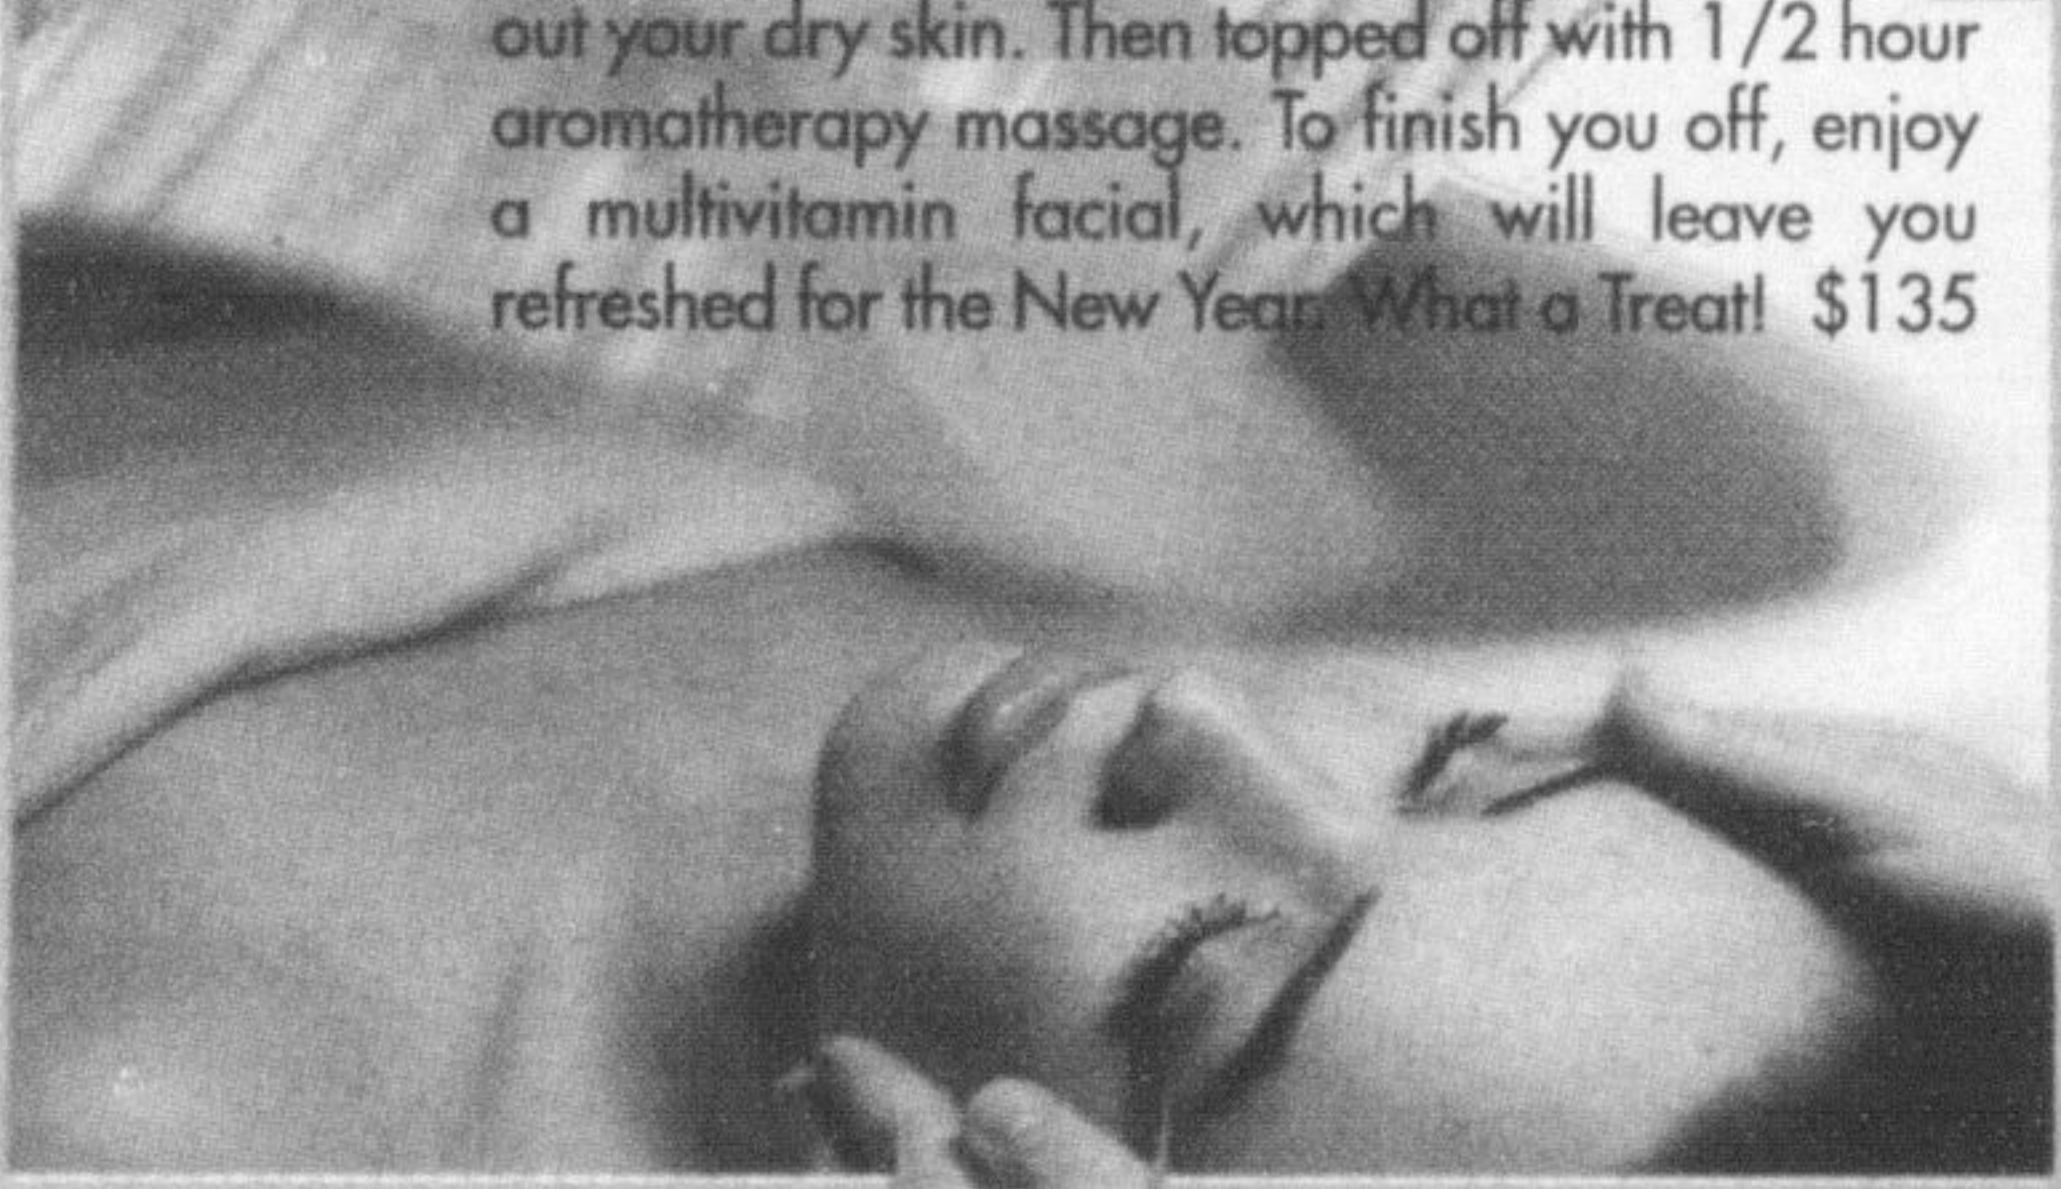

**The Chocolate Experience** \$70

Enjoy a chocolate deluxe Pedicure, which includes a wonderful Chocolate scrub with a relaxing massage. End with a White Chocolate paraffin Treatment and your choice of polish. Now you're relaxed you can enjoy a wonderful chocolate Spa Manicure. This includes any polish or French Tips. \$70.
