# What's Hot This Christmas?

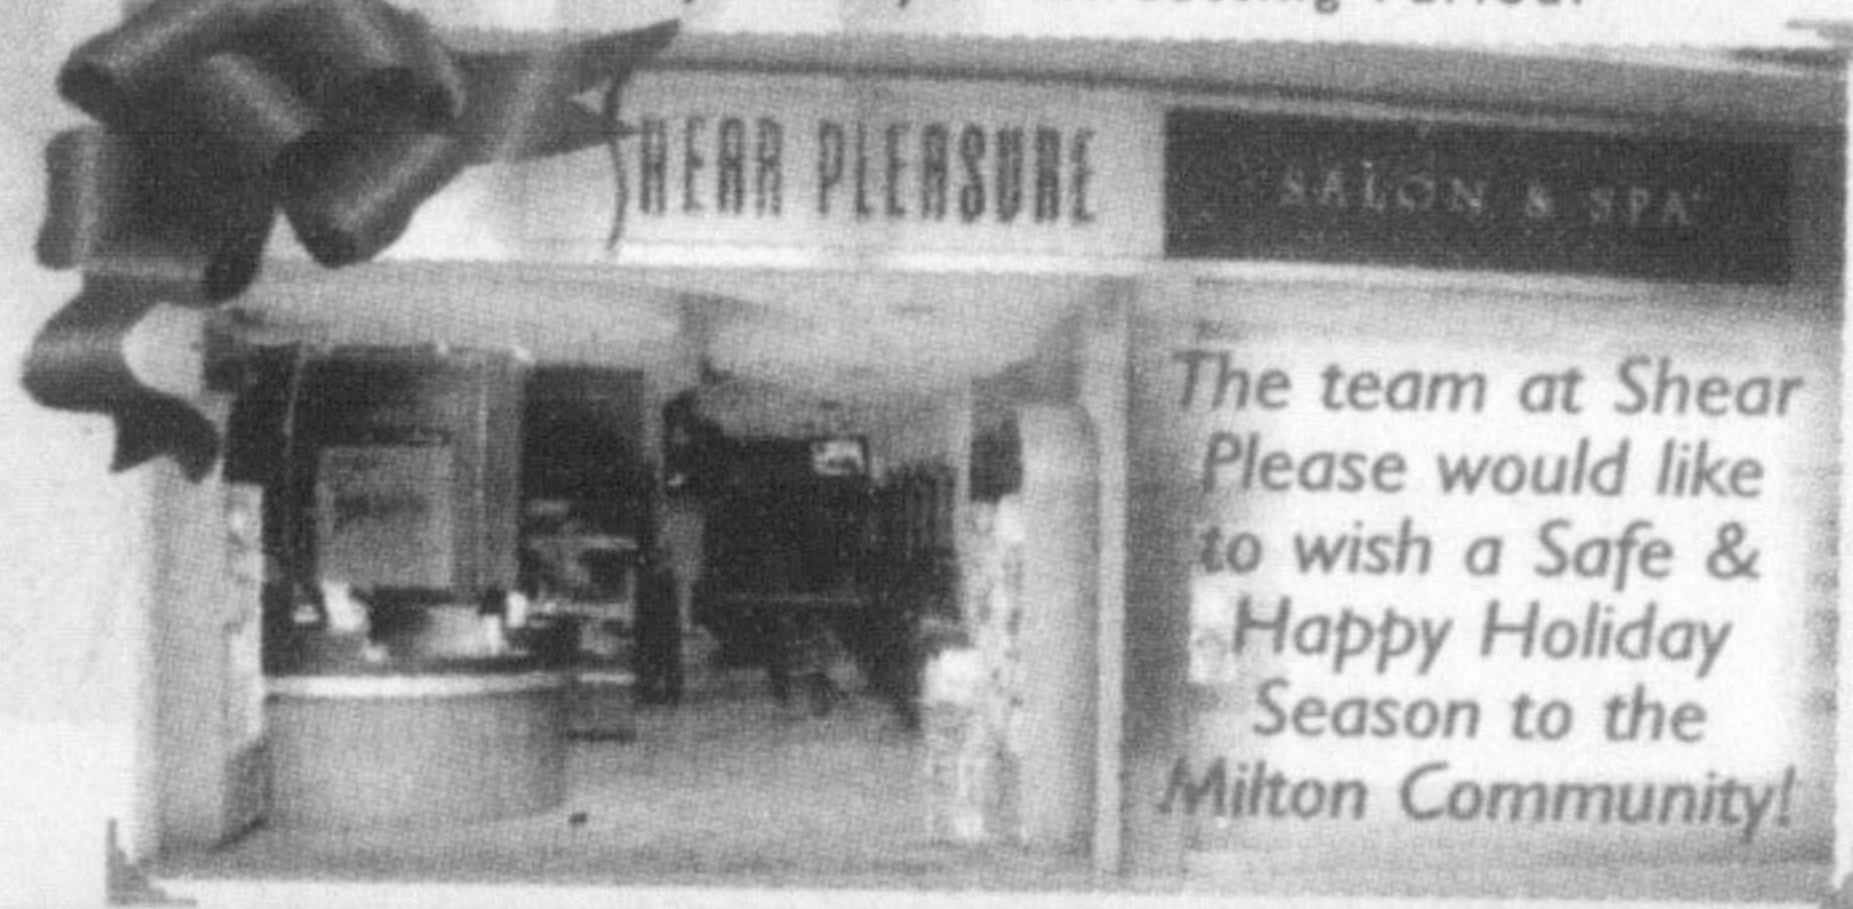

During the eve of Santa's arrival at Milton Mall, he took a break from his busy schedule to talk about the most popular gift requests this Christmas. "Barbies and Polly Pockets" are still popular for the little girls, Santa said. "Remote control cars and electronic games for the boys and of course, cozy mittens and hats are always welcome!" If you have a teenager on your list, Santa suggested the latest CD's, DVD's, cell phones from WirelessWave, digital cameras from Milton Photo, or even a gift certificate to their favourite store.

Santa also said not to forget about mom and dad. Holiday outfits for mom are available at Jo'Leen's and Peggy's while dad would always appreciate a new watch from Brancier or a new picture from Ivy Gate. Also if you want to look great this holiday season, visit Shear Pleasure for the perfect salon and spa treatment for when you visit family and friends! You'll also find the perfect holiday season greeting cards and gifts in Hallmark.

Everything you need for Christmas can be found right here at the Milton Mall this Holiday Season. You'll find everything you want, save time and money on traveling, and of course there is Santa himself! Happy Holidays Milton and have a Happy New Year!

Season's Greetings  
from SHEAR PLEASURE  
SALON & SPA
