

What Christmas Means to Me

Holy Rosary
Grade 5

What Christmas means to me is a time to spend with your family and sometimes friends or close elders. It's also a time to give to others. Giving to people who have less than you is nice. Then it's about giving to other people in my family. It's also about having a fun and safe Christmas!

JASON KOPPERS

Christmas is a giving and sharing time because you and the whole family get together and share lots of love. You share presents with your family and you give presents to your family. When you give something to a family member or a friend, you are putting a warm feeling in their heart, and yourself and you know that is a good feeling because it's special. You also need to respect when someone gives something to you. You need to be happy with what you got. Even if you don't like it, it is still something, so keep it because that is something someone got you so it is special.

ADRIAN BENHAM

To me, Christmas means joy and the birth of baby Jesus. Love is all around during Advent. Putting up trees, setting up light nativity sets and decorating are all the things you do to show your love for Jesus. There is another face to recognize at Christmas time, Santa. Santa is the toy maker and he loves his job, handing out presents to kids of all ages. Christmas is a time when Santa goes out at night and puts little presents under the tree. Christmas is a great, joyful, sharing, and loving time. Christmas will always mean all of the above to me, because to me, Christmas is great!

JASON BONIN

The jolly time of the season is when you are shopping, wrapping, and putting trees up. You may ask, what does it mean to me? Well the answer is angels singing, like the angel on top of my Christmas tree. The angel on my tree was made by my brother and that is why it is very special to my family and I. I want to make an angel for my tree, just like my brother. To me, Christmas also means spending time with my family because it's important to spend time with them. Another thing is sitting around my Christmas tree at 7 a.m. opening gifts with my mom, dad and brother.

A THOUGHT FOR TODAY

A customer is the most important part of any business.
A customer is not dependent on us, we are dependent on him.
A customer is not an interruption of our work, but the purpose of it.
A customer does us a favor when he comes in.
We aren't doing him a favor by waiting on him.
A customer is part of our business - not an outsider.
A customer is not just money in the cash register.
He is a human being with feelings, like our own.
A customer is a person who comes to us with needs and wants.
It is our job to fill them.
A customer deserves the most courteous attention we can give.
He is the life-blood of this and every business.
Without him we would have to close our doors.

"Remember - For every mile of road, there are 2 miles of ditch. Please don't drink & drive."
