Driver sought after elderly woman hit by car

A 71-year-old woman visiting from Macedonia was hit by a vehicle Thursday morning at an Ontario Street crosswalk.

The woman was walking south, crossing Childs Drive, at about 11 a.m. when she was struck by a blue vehicle driven by a blond female.

At the time of the incident, the victim motioned to the driver she wasn't injured, and the

driver left the scene, police said. But later she felt ill and an ambulance was called. X-rays revealed she'd sustained a fracture to her left hip.

Police said given the circumstances of the incident, it appears the impact was accidental. But due to the seriousness of the injury, the driver or anyone with knowledge of the incident is asked to contact police at (905) 825-4747, ext. 2405.
