YOU CAN HELP ROSE CHERRY'S HOME FOR KIDS MAKE A DIFFERENCE IN THE LIVES OF CHRONICALLY ILL CHILDREN

In Ontario, many parents care for their chronically ill children within the home environment and often with limited or no nursing support. Families facing the emotional stress of caring for a chronically or terminally ill child need the support that a children's hospice/respite centre can provide.

Rose Cherry's Home for Kids is the only facility in Ontario where children with life-limiting and/or life-threatening illnesses can receive both respite and palliative care in a homelike environment.

The respite care we offer provides a break to parents who are struggling with caring for a chronically ill child, 24 hours a day, 7 days a week. During their stay at Rose Cherry's Home for Kids, children benefit from several specialized programs including recreational and music therapy. This year we also hope to add programs such as pet therapy and extended respite care as part of our efforts to become a leader in the field of paediatric respite and hospice care.

For children whose lives will be cut short, the Home also offers palliative care for children with life limiting illnesses. In this program children and families receive a continuum of care and support from a child's diagnosis through to palliation and bereavement support.

We hope that you will consider using the donation slip provided and showing your support for Rose Cherry's Home for Kids. Together, with your help, we can make a difference in the lives of these children and the families who love and care for them.
