NAC
CONSTRUCTION EQUIPMENT MANAGER
North America Construction is a General Contractor, specializing in large municipal construction projects across Canada. We are looking for an Equipment Manager at our head office in Morriston, Ontario (just South of Guelph).

This position reports to the Vice President, and is responsible:
• To procure, manage and maintain a significant fleet of specialized construction equipment across Canada.
• To maintain, manage and further build a staff of equipment specialists.
• To design, manage and maintain an effective centralized inventory control program for all other tools across Canada.
• To manage and be accountable for the financials of a large Equipment Division.

The individual must have a broad base knowledge of cranes, heavy earth work equipment, drills and many other large pieces of equipment. The individual must be able to set-up controls to insure a positive financial outcome at the end of each year. The individual must be able to manage people at various locations across Canada.

NAC is known for the way we treat our people. We offer competitive wages, excellent benefits, and a dynamic working environment.
