

# Milton Success Stories

## E-CLIPS HAIR DESIGN

HAIRCUTS • HIGHLIGHTS • PERMS

For over 30 years, Marg has been serving the beauty and hair care needs of men, women and children. She opened E-Clips in downtown Milton close to 9 years ago and has never looked back. One could safely say that nothing stands still at E-Clips hair salon. As long as hair continues to grow, E-Clips hair salon continues to grow.

Marg had a philosophy when she first opened her doors of providing families the professional hair care they need, the prices they want and the exceptional convenience and service they deserve. Affordable, professional hair care in a friendly atmosphere! She is proud to say that she has managed to stay true to her philosophy to this day.

## Like Mother, Like Daughter

As a child, Tanya would watch with bright eyed curiosity as her mom created her magic upon the women and men sitting in her chair. She remembers fondly the days she was allowed to visit her mom at the salon. One of those lucky times she vividly remembers helping her mom pull streaks through a cap. This was a sign of things to come for Tanya. Three years ago, Tanya joined her mom at E-Clips. Her passion for hair, inspired by her mom, started as a young girl and she has never looked back. Tanya has a keen eye for determining the best hair style to suit your face and bone structure. She is also a colour expert and received her training with the colour professionals at Joico. Joico is known for their extensive training programs and their slogan speaks volumes, too - "The Art of Healthy Hair Technicians and Artistry!"

Colour is only one of Tanya's many areas of expertise. She currently works with human hair extensions to add fullness, length and colour, a must try for those who suffer from thin, hard to grow hair.

It is possible that you too can have the hair of your dreams!

Ida recently joined the team and has over 10 years experience in the business. She too is passionate about colour and is an artist with the straight razor.

E-Clips is open 6 days a week and offers a full range of hair care services at budget-conscious prices. And while their hair care services are a great value, they never sacrifice quality. E-Clips' friendly and experienced stylists are continually trained and follow the latest hair care trends using only professional brand-name products. They work very hard to ensure that your visit to E-Clips is both, memorable and enjoyable.

*"We want to be your hair salon where you feel comfortable, and tell us what you really want for your hair—instead of being intimidated by your stylist. We believe that our client focused service produces client satisfaction!"*
