New Electric is an innovative, fast-growing service contractor operating multiple branches in Canada and the USA. Since 1970, we have been building on our foundation of quick response and quality workmanship. We are looking for a dedicated professional to join us in Oakville...

Web Application Developer

As a key member of our business application team, you will take responsibility for application and database design and implementation and maintenance of our corporate website and intranet web applications. Innovative with details and strategic with the 'big picture', you will optimize knowledge of GUI design, web usability, and user-centred designs to customize interfaces, assist with security, and resolve issues. Your management background is complemented by at least one year of web development/programmer experience and strong time and project management skills. Your breadth of knowledge encompasses Access and MS SQL databases, MS SQL Server database, component object model, MS IIS, VB Script, HTML/CSS, Java/JSP Script, XML, ASP, and PHP.

We offer a competitive salary and benefits package with a comfortable work environment where everyone's input is equally valued.

We invite you to apply to:
Human Resources, 3185 Dundas Street West
Oakville, ON L6M 4J4
