

# Long weekend sees break-ins in rural and urban Milton

Homes in both urban and rural Milton were targeted by thieves over the holiday weekend.

In Campbellville, residences on Wheelihan Way and Meadowland Crescent were ransacked.

The break-in on Wheelihan Way occurred sometime between last Friday and Sunday when unknown suspects gained entry by forcing open the front door.

Once inside, the master bedroom was ransacked and approximately \$10,000 in cash, Royal Daulton figurines, a Squire guitar and men's and women's jewelry was stolen.

A flat screen TV and computer system were damaged during the incident on Meadowland Crescent, which happened

## Police Blotter

between 10 and 10:20 p.m. Saturday.

A second-floor window was smashed to gain entry, after which the suspects quickly ransacked the home and fled before the alarm response.

About \$150 was stolen. A damage estimate wasn't available at press time.

Halton police are encouraging residents, particularly those in the rural area, to ask neighbours to keep an eye on their house if they're going to be away.

In town, two Laurier Avenue homes were hit early Sunday morning.

A \$60 Mole scooter with a silver frame was stolen from one residence's unlocked garage at about 12:30 a.m., while nothing was taken during an attempted break-in at another Laurier home later this night.

In the second incident a patio screen was open, but a locked glass door thwarted entry.

## Hummer stolen from Boston Church Rd.

Halton Regional Police are looking to the public to help identify the person responsible for stealing a Hummer.

At 7:30 a.m. May 1, a homeowner on Boston Church Road awoke to find his 2007 Hummer H2 had been stolen out of his driveway sometime during the night. The stolen vehicle is white with a vanity plate that reads HYSLIM. The total loss is \$90,000.

If you have any information that leads to an arrest in this or any other matter, you may be eligible for a cash reward. You will never have to give your name or testify in court. Crime Stoppers of Halton does not subscribe to call display. Call 1-800-222-TIPS (8477) or visit [www.haltoncrimestoppers.com](http://www.haltoncrimestoppers.com).

**More Pond Myths Debunked**

Water in the landscape is a lifestyle more and more people are choosing every day. Check back each week as we dispel some of the common myths surrounding this latest trend in gardening.

**Myth 5:** To keep fish, water gardens need to be deep.

**Fact:** Two to three feet deep is as good as a mile. Fish, including koi, hibernate in ponds just two-feet deep through winters as cold as Minnesota's Zone 4 bone chillers. A small circulating agitator pump and heater are all you need to keep a "breathing hole" in the ice and oxygenate the water for your fish.
