

**Because** kids can't take care of themselves

**Illness** isn't necessarily optional

**Life** isn't a level playing field

You can't always outrun **trouble**

And we'll all be **seniors** some day — if we're lucky

In Milton, we

Do something about it.

Thank You to the Dedicated Volunteers on the Allocations Committee...

**John Ainikkal**

*In today's busy world volunteering helps ground me and puts me in touch with the community in which I live.*

**Anne Berry**

*Volunteering helps keep me connected with my community. It is also an opportunity to learn about services available to Miltonians.*

**Peter Charles**

*Volunteering offers my family the chance not only to meet new friends but also to become part of the community in an active and very fulfilling way.*

**Kathy**

*Volunteering has made me feel worthwhile; it has opened my eyes to the enormous needs in our community.*

**Linda Markle**

*My volunteer hours help me maintain balance in my lifestyle. Everyone should volunteer at some level.*

**Michael Selley**

*United Way supports so many charitable organizations that working with them rewards you with positive feelings and reminds you of the important aspects of life.*

**Elayne Tanner, Chair**

*What began as an example for my children continues because I believe you are either a part of the problem or part of the solution.*
