### Join the North Halton Mental Health Clinic

The North Halton Mental Health Clinic (NHHMC) is a client-focused, community-based mental health centre with locations in Milton, Acton and Georgetown. We have an exceptional team of Psychiatrists, Nurse Therapists, Case Managers, Social Workers and Community Support Workers. We are expanding our Homes and Concurrent Disorders Community Mental Health Programs, as well as partnering in a new Halton-wide initiative to provide early intervention psychosis services for North Halton.

### MENTAL HEALTH CLINICIAN EARLY INTERVENTION PSYCHOSIS PROGRAM

As a proactive member of a multidisciplinary team, you will apply your related background to provide counselling and supportive education and referral co-ordination for families and individuals experiencing a first episode of psychosis. Backing your 3+ years of experience in a psychiatric setting are a master's degree in a mental-health-related field, such as Social Work, Nursing or Psychology, and registration and licensing in the respective health discipline. You also bring knowledge of medications, their interactions relating to psychiatric diagnosis, and the principles of the recovery model and family/group dynamics. A valid driver's licence and access to a reliable vehicle are required, as is the flexibility to work 1 evening per week and travel to various sites throughout the Halton region.

We offer excellent salary and benefits. Please forward your current cover letter and resume, quoting Competition #H-217-07, by July 6, 2007, to: Human Resource Services. Applicants will be considered based on the information provided.

We thank all candidates for their interest. However, only those selected for an interview will be contacted.
