GRAHAM PAINE / CANADIAN CHAMPION

**FALLEN BMX'ER HONOURED:** Family, friends and fellow BMX racers release balloons at Tim DaSilva's grave site Sunday afternoon to mark the one year anniversary of his passing. The prominent and beloved racer was killed building a track he designed at nearby Halton Place.

## CT scanner goal now \$5 million

The Milton District Hospital (MDH) Foundation has pushed the fundraising goal for its CT scanner campaign to new heights now that a local developer has made a large pledge.

Orlando Corporation has committed to match every dollar up to \$750,000 that's raised over the next year for the new equipment, allowing the foundation to bump its \$3.5-million target up to \$5 million.

The additional funds will be used to acquire further support equipment for the diagnostic imaging department.

"Matching gifts inspire our donors because

they know the value of their gift doubles," said foundation director of development Donna McLaughlin. "Orlando Corporation's pledge will provide a significant incentive to encourage donors to give even more generously."

Orlando Corporation president Phil King said the company is excited about its new relationship with the foundation.

"The people of Milton should not have to travel to other hospitals to obtain a CT scan," he said. "Milton is growing at a fast pace and the facilities at the hospital must keep pace."

With the new goal of \$5 million, the CT scanner and diagnostic imaging renewal cam-

paign is one of the most ambitious fundraisers the foundation has even undertaken.

All the funds raised will cover the cost of purchasing the new scanner, renovating the existing space to accommodate the scanner, renewing current diagnostic imaging equipment and building an annex to expand the size of MDH's current diagnostic imaging department.

Each year more than 2,900 Milton residents require a CT scan.

## Motorist car-jacked

*Robbery leaves man uninjured but shaken*

A car robbery on Friday the 13th left a Milton man shaken and police on the lookout for a suspect they consider dangerous.

Just after 1 a.m., a motorist in his mid-thirties was exiting the west-bound lanes of Hwy. 401 and was waiting for the light to turn green at James Snow Parkway when a vehicle approached him from behind and stopped.

A man walked up to the victim's door, told him he had a gun and ordered him to get out of the vehicle.

The victim complied and the suspect got into the victim's car and drove away southbound on James Snow Parkway, followed by the vehicle.
