

# Fatal car crash case back in court

A young Milton man charged with drunk driving in a collision that claimed the life of an Orangeville man will return to court early next week.

Alvaro Diaz, 21, has been charged with impaired driving causing death, dangerous driving causing death, having over the legal limit of alcohol in his blood, driving with alcohol above zero with a G2 licence and using unauthorized licence plates.

Diaz will make his next appearance Monday at Ontario Court of Justice in Milton on Steeles Avenue.

The return court date was set July 3 in the Milton courthouse.

The horrific two-vehicle collision took place February 2 on Regional Road 25, south of No. 5 Sideroad, killing a 48-year-old motorist just before 3 a.m.

# Mail delivery another concern

dent we will find you," he emphasized, noting it's just a question of how long it will take.

Fourth Line resident Lesley Mansfield said she's worried about the effect the changes will have on mail delivery.

She also said if the change has to happen, she'd like to see her street called something like Curtis Avenue,

after former town councillor Mark Curtis, rather than Cochrane Street.

"To me, Mark Curtis has given so much back to the community," she said, noting she's not aware of the significance or history behind the name Cochrane.

One man asked how many positive comments the Town has received about the proposed changes, to which staff told him about 60 out of 240.

In speaking with the *Champion* after the meeting, Fire Chief Larry Brassard said he's happy that the public process is making residents more aware of the emergency service sector's needs.

"At the heart of the matter is public safety," he said. "We're committed to doing the right thing for the community."

A final report with staff recommendations and financial details is expected to go before council this fall.

Comments can be submitted to the Town on the proposed changes until July 27 by calling (905) 878-7252, ext. 2546 or visiting [www.milton.ca](http://www.milton.ca) (select 'address changes' from the alphabetical quick pick menu).
