

# Man arrested in connection with disturbing occurrences

Police made an arrest after a local family was the subject of a series of bizarre and disturbing incidents Tuesday and Wednesday.

It started when the Guelph Line residents had some strange notes posted on their mailbox Tuesday; some had money taped to them, and they made no sense to the residents, police said.

The next day, they found another nonsensical note in their barn and saw some of their equipment had been tampered with. More notes appeared on their mailbox, this time containing sexual references, causing the residents to feel threatened, police said. The notes also made reference to two of the family members.

In addition, the homeowners observed a suspicious truck parked near their driveway at two separate times that afternoon; they obtained the licence plate number and called police.

Wednesday at about 4 p.m., police arrested an Eden Mills man at his home.

The 58-year-old has been charged with criminal harassment and break and enter.

#### Teen charged in fire

A 15-year-old Milton boy

## PoliceBlotter

was charged with arson in connection with a dumpster fire at W.I. Dick School on Highside Drive Monday.

Police said the fire department responded to the blaze at about 2:30 a.m. Two youths hid in a nearby backyard and then ran from police. They were located at Steeles Avenue and Ontario Street shortly after.

They were both arrested, but a 17-year-old male was released.

In addition to arson, the 15-year-old was also charged with failing to comply with an undertaking.

#### Cash stolen in break-in

About \$3,000 in cash was stolen during a break-in at Halton Crushed Stone quarry on Sixth Line last weekend.

Police said an unknown suspect threw a rock through a glass door to gain entry sometime between last Friday and Monday and took the money from the cash box.

The quarry had been closed for the weekend.

#### Bank cards stolen

A resident had his credit and debit cards stolen from his

Broadway Avenue home last Friday.

Police said the resident was working on his house and was going back and forth from his garage to his backyard between 10:30 and 11:30 p.m. At some point between those times, an unknown suspect entered the house through the unlocked rear door and took the cards from his wallet.

The cards were cancelled before they could be used by the suspect.

#### Car damaged

A car parked on Woodward Avenue was damaged early Sunday morning.

Police said the owner awoke to find the passenger side window smashed by a brick that was sitting on the driver's seat of the 1989 Cadillac. The damage is pegged at \$400.

#### Bike swiped

A mountain bike was stolen from in front of Milton Public Library on Bruce Street Tuesday afternoon.

Police said a 14-year-old boy left the bike unlocked while he went into the building from about 4 to 4:45 p.m. When he returned, the blue and white bike was gone.

# Golf club targeted by thieves

Halton Regional Police are investigating a break-in at a country club.

Sometime overnight July 11, suspects forced their way into Trafalgar Golf and Country Club, 6728 Sixth Line.

Offices in both the clubhouse and the pro shop were ransacked and a small amount of cash was stolen. Attempts to pry open a safe were unsuccessful.

Prior to entering the grounds of the golf club, the suspects cut the main phone lines to the property. The total

damage is \$4,000.

If you have any information that leads to an arrest in this or any other matter, you may be eligible for a cash reward. You will never have to give your name or testify in court. Crime Stoppers of Halton does not subscribe to call display. Call 1-800-222-TIPS (8477) or visit [www.haltoncrimestoppers.com](http://www.haltoncrimestoppers.com).

## DRINKING WATER SOURCE PROTECTION

ACT FOR CLEAN WATER

LAKE ERIE SOURCE PROTECTION REGION

## Drinking Water Source Protection Committee

### Notice of Formation of the Committee and Call for Applications

The Ontario Clean Water Act calls for the creation of a Source Protection Committee to guide the development of science-based source protection plans to protect municipal drinking water supplies in the Grand River, Long Point Region, Catfish Creek and Kettle Creek watershed areas. These four areas make up the Lake Erie Source Protection Region.

### Proposed committee composition and opportunity for public comment

The committee will have a chair (appointed by the Minister of the Environment) and 21 members divided into three groups:

- Seven members representing municipal governments
- Seven members representing agricultural, commercial or industrial sectors, including small business. It is proposed that three seats be for agriculture, three for commercial and industrial businesses (including small business) and one for the aggregate industry
- Seven other members representing the environmental, health and other interests of the general public. It is proposed that there be seats for six individuals representing the public interest and one seat for the Elgin Area Primary Water Supply System Joint Board of Management.

In addition, there are a total of three members to be selected jointly by the band councils of the two First Nations in the Lake Erie Region: the Six Nations of the Grand River and the Mississaugas of the New Credit.

A document providing more details on the proposed composition of the committee is available at [www.sourcewater.ca](http://www.sourcewater.ca), at the head offices of the four conservation authorities or at municipal offices in the Lake Erie Region.

**The deadline to submit comments on the proposed composition of the committee is Sept. 3, 2007.**

### Applying for a seat on the committee

Candidates must submit an application form to be considered for any of the 14 seats for sector or other members. The application form and information on the qualifications and duties of committee members can be found at [www.sourcewater.ca](http://www.sourcewater.ca).

**The deadline for applications is Wednesday, Oct. 3, 2007**

### Send comments and applications to:

Lorrie Minshall, Source Protection Program Director  
 Lake Erie Source Protection Region  
 c/o Grand River Conservation Authority  
 400 Clyde Road, Cambridge ON N1R 5W6
