

hey Milton!
let's give plastic bags
the sack.

In taking the first steps to become a more responsible GREEN retailer, our new Milton Superstore will be the first in Canada to eliminate plastic bags at the checkouts.

We know this is a significant change, and to try to make it easier for our customers we are delivering a complimentary PC® Green® Shopping Bag to the households of Milton.

We hope to see you (and your green bag!) at our new store.
