

Committee gives power plant cable request initial approval

Town council to address matter Feb. 25

TransCanada Energy's (TCE) request to install underground hydro transmission cables along Sixth Line for the power plant it's building in Halton Hills, near the Milton border, has received an initial stamp of approval.

The Town's community services committee endorsed a motion last week to execute an agreement between TCE and the Town to make an underground electrical connection to Hydro One on the local sideroad.

TCE was awarded a 20-year contract by the Ontario Power Authority to build a 680-megawatt, natural gas-fired generating station on Steeles Avenue, west of Sixth Line.

Work slated for summer

The cables are needed to connect the plant to the overhead transmission lines that run parallel to the railroad tracks in Milton.

The work is slated for this summer. It will be up to TCE to

install a new asphalt surface for the entire width of the roadway.

Ward 1 Councillor Rick Day asked if TCE is covering the Town's costs for work on the agreement, to which he was told yes.

Wards 1 and 3 Councillor Barry Lee requested that the wells in the area be monitored for any potential negative impacts arising from the cable installation.

The matter will be on town council's agenda Monday, Feb. 25.

Clerk threatened with hammer

Robber holds up Subway

A hammer was used to threaten an employee during a robbery Thursday night at a Subway restaurant.

Police said that shortly after 9 p.m., two males entered the restaurant on Main Street East, just west of Ontario Street.

One of the males proceeded to threaten the 16-year-old female employee with a hammer, and she turned over a undisclosed amount of cash from

the register. Both suspects fled the store through a rear entrance.

There were no injuries.

Both suspects were wearing ski masks to disguise their identity and were dressed in dark clothing.

The suspect with the hammer is described as a white male about six feet tall.

Anyone with information is asked to call police at (905) 825-4777 or (905) 634-1831, ext. 2415 or Crime Stoppers at 1-800-222-TIPS (8477).
