

Reach out to a senior; organization in dire need of volunteers

To the world, you may be one person, but to one person you may be the world.

That's the message a community outreach program is trying to get across in the hopes

of enlisting new recruits for its seniors care program.

Acclaim Health (formerly VON Halton) is in dire need of volunteers to both call and

visit with seniors, particularly at this time of year when inclement weather keeps many of them indoors — and often removed from regular human contact.

Training is available in certain cases, and those interested in getting involved are asked to call (905) 827-8800 or e-mail volunteering@acclaimhealth.ca.
