

# Milton Success Stories

## Get Your Vehicle Ready for Spring!

Spring is a great time of year. Soon all of our snow will melt away, our grass will begin to get greener, flowers will start to bloom and before you know it, leaves will be in full blossom on every tree in our neighborhood! It is also time for spring cleaning, which includes your vehicle. We all know that this winter has been especially difficult on our vehicles. Salt is in every nook and cranny causing rust, dirt has been tracked in by our boots, dust cakes the interior, and regular cleaning has been put off because of the cold temperatures making it almost impossible to do the work. But spring is here and there is no better way to start the new season than with a vehicle as fresh and clean as the day you drove it off the car dealership lot!

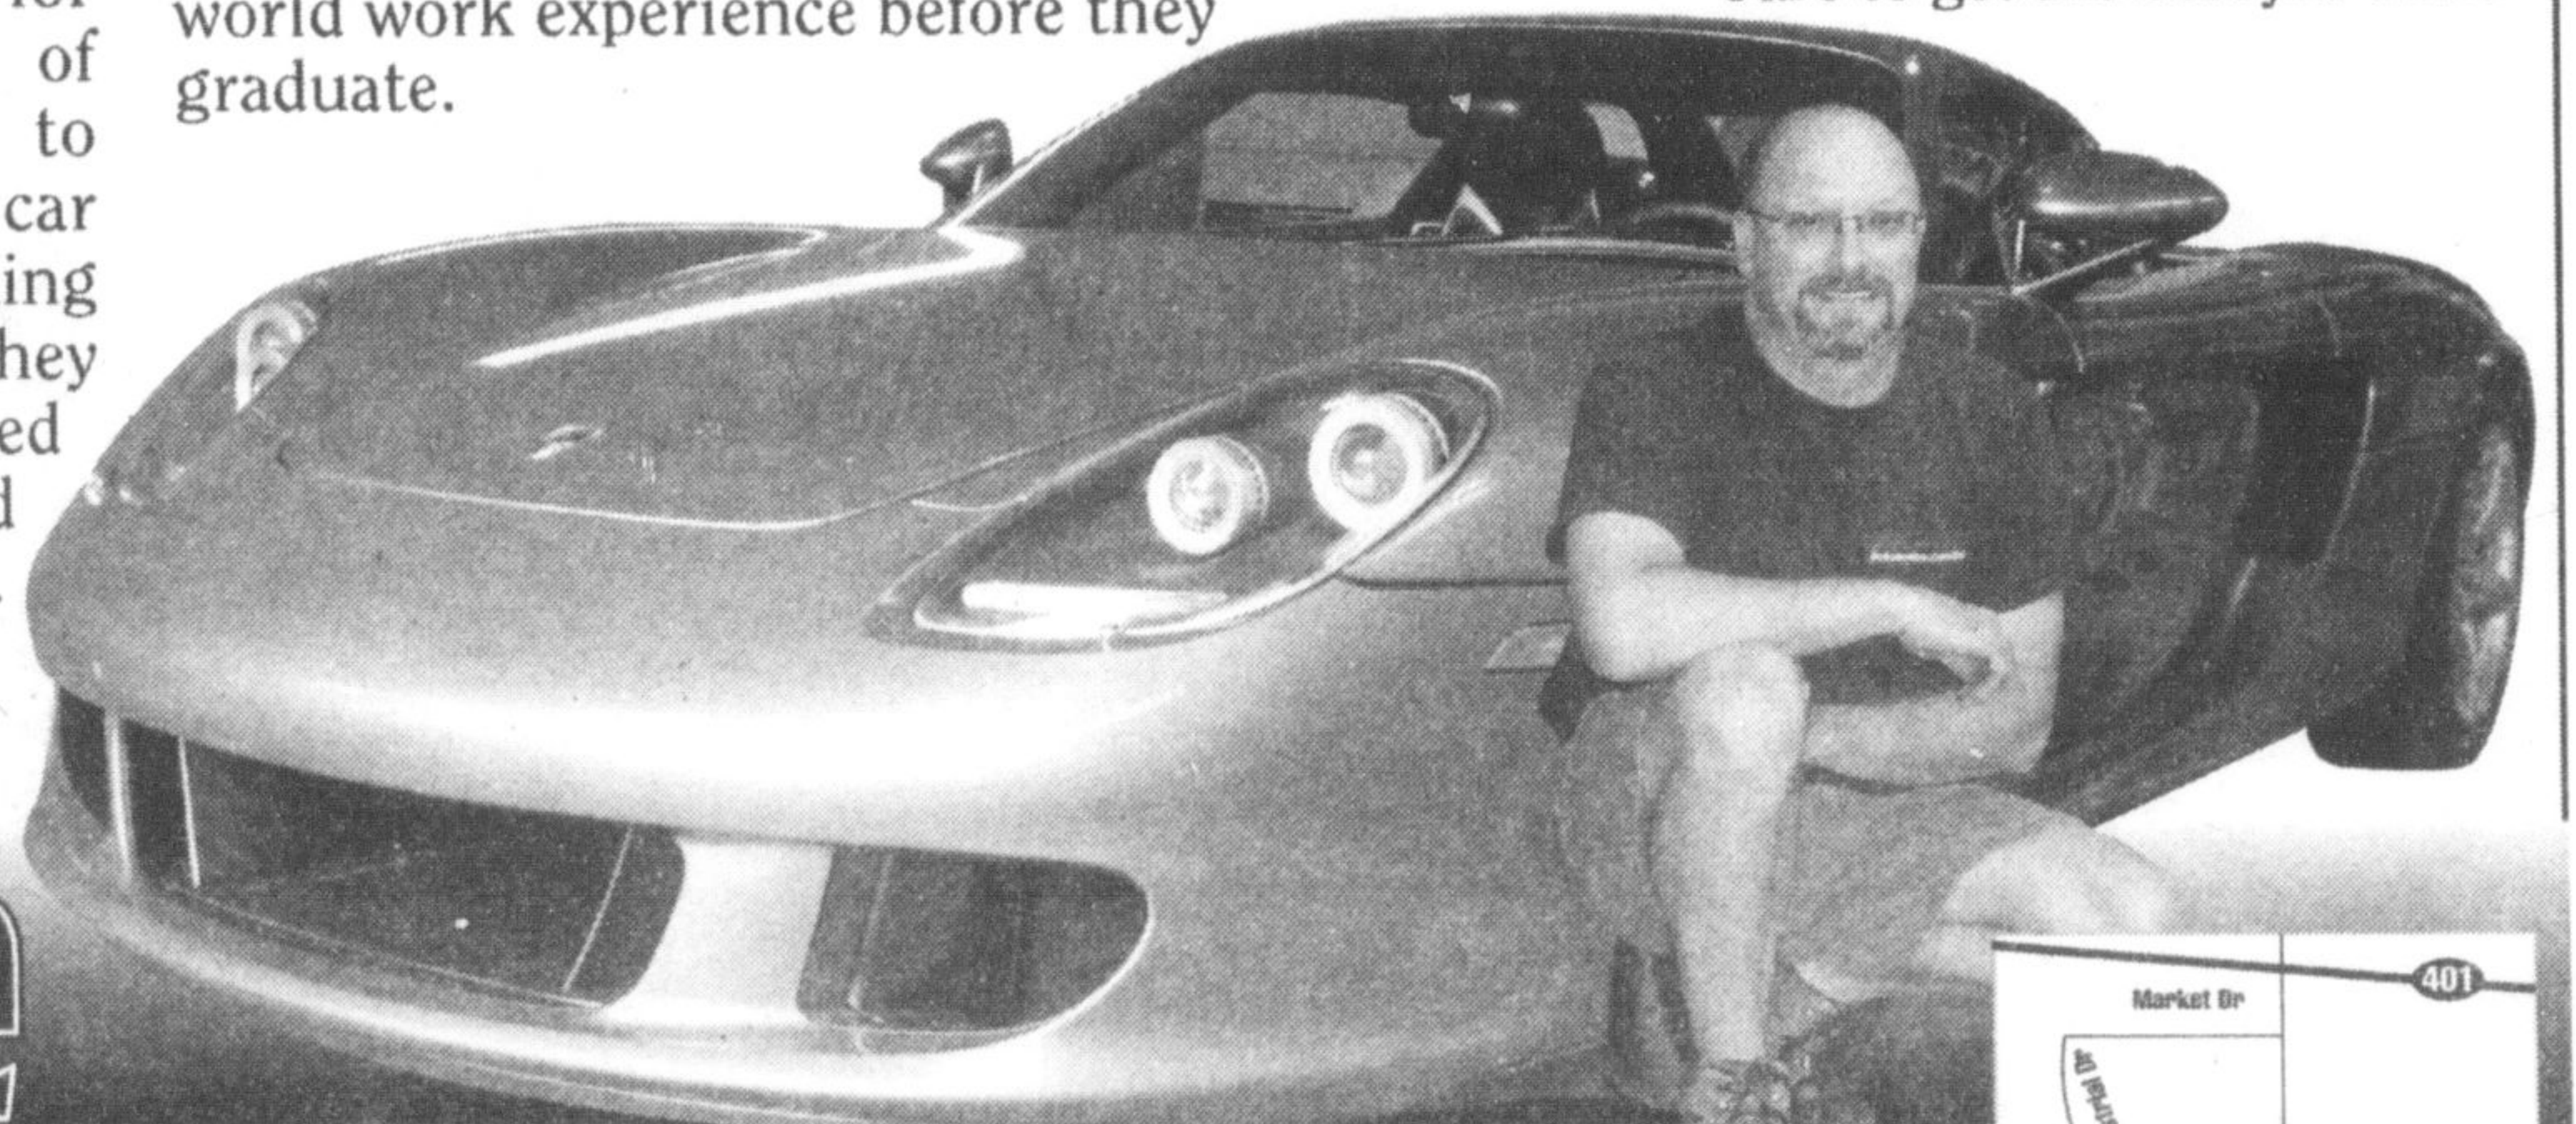

Since Scott's Car Care opened its door in 1989, they have made their

reputation in serving you and your vehicle. They specialize in cleaning cars, SUV's, trucks and any other vehicle you can imagine. Their services range from a good ol' fashioned \$15 exterior hand wash to full and complete detailing, with a vast amount of other services designed to compliment you. These services include clear taping the front end of vehicles to protect from stone chips, window tinting, rust proofing and oiling, waxing and polishing, and a full line of car and truck accessories made to personalize your vehicle in your own style and functionality. Scott's is known for using steam cleaning instead of shampooing when it comes to interior detailing because the car doesn't get as wet and it's not soaking wet when you get it back out. They are also known for their high speed buffing to help get scratches and swirl marks out of your paint.

They invite you to come down and experience the quality that their clientele have come to praise and expect over the years.

Scott's Car Care believes in giving back to the community. They know that their success has come from the Milton community and they continue to show their appreciation by supporting charities such as Golfing for Cancer, The United Way, M.S. Society, Ducks Unlimited, The Milton District Hospital and local schools and churches in fund raising events. They also participate in high school co-op programs giving students real world work experience before they graduate.

Scott Maclean Howard, owner and manger of Scott's Car Care, is proud his business is quickly approaching its 20th anniversary especially with all the new changes in the past year to serve you better. They have relocated to 410 Industrial Drive into a much larger facility with 12 bays and 13 employees with a shuttle service to take you where you need to be while they work on your vehicle! Scott's Car Care wants you to give them a try to experience the difference. Whether you have a car or a truck or a whole fleet, nothing is too big or small, just call Scott's Car Care to get the best job done
